

The Yun Family's Ninth Child is an Imp! Chapter 412

At that moment, Yun Chujiu only had one sentence in her mind, 'Disaster comes from the mouth!' Who would have thought that the black chicken's head would come back! What should she do? Yun Chujiu thought about what she had said, but there was no way to clear her name!

She could not say that the 'black chicken in heat' was a positive term, right? This time, she was really courting death!

"Aren't you usually very talkative? Why aren't you speaking now?" Xue Wuji stared at Yun Chujiu fiercely. Damn it! She was really detestable. If it was not for Di Beiming, he would definitely strangle this stinky girl to death!

"Cough cough! Brother Wuji, are you really angry? Sometimes, I say bad things about the gigolo behind his back, but he doesn't get angry when he catches me! You're more open-minded than him, so you won't get angry at me, right?" Yun Chujiu said pitifully.

"Humph! Don't do this to me!" Xue Wuji raised his hand and hit the back of Yun Chujiu's neck. Yun Chujiu fainted.

Xue Wuji turned to the southwest corner and said, "An Feng, if you don't want this stupid girl to die, don't follow us. Otherwise, I'll kill her directly!"

An Feng was on the verge of collapse!

Xue Wuji and his companion had used their concealment talismans, so he did not notice their arrival. Moreover, he was no match for Xue Wuji at all.

After Xue Wuji finished speaking, he signaled shadow agent Huahua. Huahua raised his hand and a thick smoke enveloped the small courtyard.

When An Feng wanted to chase after them again, Xue Wuji and his company were already long gone.

An Feng was so anxious that he was about to cry. First, he took out his sound transmission talisman and sent a message to Di Beiming. Then, he left Spirit Radiance Sect to search for traces of Xue Wuji.

When Yun Chujiu woke up, she found herself in a large cage.

Through the gap of the cage, she found that it was an extremely luxurious room. The roof was inlaid with several huge luminous pearls, the floor was covered with a snow-white carpet, and the furniture was also made of expensive dark-patterned pine wood.

Yun Chujiu saw no one in the room. She moved her body and found that the confinement had been lifted. However, she could not use her spiritual power. Yun Chujiu carefully observed the material of the cage and kicked twice, but there was no reaction at all.

“Stupid girl, don’t waste your energy! This cage is made of ancient black iron, and it functions to confine spiritual power. If the key isn’t used, not to mention you, even Di Beiming would not be able to open it!” Xue Wuji had changed into a bright red brocade robe. He walked in barefooted.

Yun Chujiu did not say anything. Since she was already captured, it was useless to say anything else. It seemed that this black chicken’s head only wanted to torture her, not take her life. Otherwise, he would have strangled her to death!

“Stupid girl, don’t worry. I won’t kill you. I’ll torture you slowly. When you are half-dead from the torture, I’ll use you to find that expressionless Di Beiming to exchange for some Spirit Stones and flowers. Didn’t you cheat me of a few million low-grade Spirit Stones? I’ll ask Di Beiming for a hundred million high-grade Spirit Stones! In the future, when I’m in need of Spirit Stones, I’ll go to Spirit Radiance Sect to capture you and then find Di Beiming to exchange for Spirit Stones. In the future, you’ll be my money tree! Hahaha!”

Yun Chujiu sat cross-legged on the ground, still not saying a word.

“Stupid girl, are you mute? Speak! If you don’t speak, I’ll let a snake in and bite you to death!” Xue Wuji had taken off his previous disguise, revealing his ruthless and evil personality.

“Didn’t you say that I’m a money tree? A tree naturally won’t speak!” Yun Chujiu said lightly.

Xue Wuji narrowed his eyes. “It seems that I’ve been too kind to you in the past. You still don’t know how powerful I am! Huahua, bring my little pets here!”
