

The Yun Family's Ninth Child is an Imp! Chapter 423

Yun Chujiu saw that Di Beiming was in a daze and could not help but giggle, "Prince Charming, have you lost your mind looking at me? Hahaha, don't be embarrassed. Sometimes, I can even mesmerize myself by looking at my reflection in the mirror! Why am I so good-looking?!"

An Feng who was in the corner almost burst out laughing. 'Miss Jiu, and you dare to call Xue Wuji narcissistic? I think you're the more narcissistic one! You even enchanted yourself with a mirror. How narcissistic can you be?!'

"What nonsense are you spouting?! Let's go!" The flirtatious thoughts in Di Beiming's mind were instantly dispelled by Yun Chujiu's shameless words!

Yun Chujiu pursed her lips. "You keep saying that I'm spouting nonsense. How was I spouting nonsense? You're clearly enchanted by my beauty, yet you refuse to admit it. HMPH!"

Yun Chujiu ignored Di Beiming's dark expression. She hopped and put the Fire Spirit Beasts into her storage ring. She sat on the chopping board and flew to the back of the mountain!

Di Beiming snorted coldly and followed behind Yun Chujiu. He planned in his heart that after the lightning strikes were over, he would let the black thing change out of this set of clothes. Otherwise, it would attract too much attention!

After the two of them reached the back of the mountain, Yun Chujiu found an empty space. She pointed at the dark clouds in the sky and shouted, "Hey, Little Dark Cloud, just do what you want! If you make my new clothes dirty, I'll give you an earful!"

The dark clouds in the sky was feeling miserable at that moment. It had not managed to kill this scourge even with such a big formation last time. Hearing that they had to attack her, no one was willing to go. It was unlucky enough to be picked!

This scourge was right. It could not kill her anyway. The dark cloud just had to do something as a token and that would suffice. Therefore, after a few scattered strikes, the dark clouds drifted away as if it was escaping!

Yun Chujiu was a little dumbfounded. It was over just like that? Well, this dark cloud was not bad. The dark cloud finally received a good review!

“Prince Charming, let’s go. Since it’s over, let’s go find Master Xuanyuan to look at the new residences for the Fire Spirit Beasts!” Yun Chujiu held Di Beiming’s arm and said with a smile.

“Well, okay! But, you should change your clothes!”

“Why? Doesn’t this look nice? It looks festive and fits my lively character!” Yun Chujiu was very satisfied with this set of clothes. The gigolo’s taste was not bad!

“Cough! This set of clothes is of the immortal artifact level. Aren’t you afraid that you’ll be punished for wearing a treasure? Why don’t you put the sect uniform on outside so that people won’t covet it!” Di Beiming said seriously.

When Yun Chujiu heard this, she immediately felt that it made sense. The gigolo was right. One should not reveal one’s wealth. It would be bad if others were to covet it!

Thus, Yun Chujiu put the sect uniform on the outside of this set of clothes. The Phoenix Nirvana Immortal Handkerchief on her head was put into her storage ring. Only then did she and Di Beiming go to see Master Xuanyuan.

The Fire Spirit Beasts’ residence was located at the back mountain of Zhang Peak. Firstly, there was a mineral vein here. Secondly, it was quite far from the back of Middle Peak. This was to prevent Yun Chujiu from being struck by lightning. Thirdly, the terrain there was suitable for setting up guards.

Yun Chujiu felt satisfied after checking the area and released the nine Fire Spirit Beasts. The five small beasts were reluctant to part with her until Yun Chujiu promised to come and play with them whenever she had time and give them delicious food, only then did they enter the cave!

“Master xuanyuan, we can now spread the news of the Fire Spirit Beast descending from the sky. Remember, we only have one Fire Spirit Beast. When the time comes, the supply of earth fire should be limited, especially for the Heavenly Gates Sect. If they don’t give us one-tenth of the share of the Spirit Stones, we won’t sell them even one piece of Earth Fire!”

Master Xuanyuan nodded. Du Guyi, that old thing, would definitely act shamelessly. However, he was unlucky to have met Little Jiu!
