

The Yun Family's Ninth Child is an Imp! Chapter 425

"Sect leader Du Guyi, is the Fire Spirit Beast of Heavenly Gates Sect male or female? What color is its fur? What does it look like? What is its age?"

Du Guyi opened his mouth and said, "This... This Fire Spirit Beast has a violent temperament. We've never seen its true appearance, but it's at least two thousand years old!"

"Sect leader Du Guyi, it's as if you didn't say anything. According to what you said, doesn't it mean that all Fire Spirit Beasts of Qingxuan continent can be said to be the one that your sect lost? You should at least say something unique, right? Otherwise, how can you prove that this one is the one that you lost? You can't lose your father, and then pick some other old man to be your father, right?!"

Boom!

Everyone burst into laughter!

This little girl's words were really interesting!

Sect leader Du Guyi had been scolded badly this time!

Du Guyi's face was livid with anger. He wished that he could slap Yun Chujiu to death with one palm, but under everyone's watchful eyes, he could not make a move, he could only grit his teeth and say, "Yun Chujiu, be merciful with your words! Although we've never seen the appearance of a Fire Spirit Beast, we can occasionally hear its cries! We have recorded it with a sound stone. You can bring out your Fire Spirit Beast and make it cry out a couple times. We can compare it!"

"Sect leader Du Guyi, didn't you say that your Fire Spirit Beast has a violent temperament? How would we be able to carry it out? If we can, it means that its temperament is docile, so it isn't your Fire Spirit Beast! Why are you contradicting yourself?"

“This... This... HMPH! Maybe you gave the Fire Spirit Beast some medicine and made it docile and obedient!” Du Guyi stuttered when he was questioned by Yun Chujiu. He hated Yun Chujiu with all his heart. This wretched girl had such a sharp tongue. She was really difficult to deal with!

“Sect leader Dugu really has many evil tricks. He actually thought of giving the Fire Spirit Beast medicine! Tsk tsk! Could it be because you want to give sedatives to the Fire Spirit Beast? Maybe the Fire Spirit Beast thought, “Ah, I can’t stay in such a wicked sect’, so she ran back to the fire cave!”

The expression on Yun Chujiu’s little face was very vivid. The onlookers were all amused. Most of them did not know Yun Chujiu, so they asked each other in a low voice, “Who is this little girl?”

This little girl was only fourteen or fifteen years old, and she looked pretty good. However, her spiritual power was too low as she was only at the fourth level of the Spirit Enhancement realm! It seemed that she was very favored in Spirit Radiance Sect! Otherwise, how could she have any say in such an important occasion?!

Du Guyi was a little embarrassed and angry by the crowd’s laughter. “Yun Chujiu, cut the crap! Either you bring out the Fire Spirit Beast, or we go to Spirit Radiance Sect’s earth fire cave together. In short, when we hear the Fire Spirit Beast’s cry, we’ll know whether it’s the one from our sect!”

“Sect leader Du Guyi, you said that you’ve lived for hundreds of years in vain! Isn’t the cry of demon beasts from the same species more or less the same? A tiger’s roar, a wolf’s howl, an ape’s cry, a horse’s neigh, a lion’s roar, a dog’s bark. Even if it’s not the Fire Spirit Beast from Heavenly Gates Sect, the cry must be more or less the same. You’re not trying to deceive me because I’m young, are you? You’re really disrespecting your elders!”

Du Guyi’s face was as red as a tomato. However, there was nothing wrong with what Yun Chujiu said. The cries of the same type of demon beast were almost the same, so his explanation really could not hold up!

Du Guyi sneered, "Little girl, although you're eloquent and eloquent, a small part of the Fire Spirit Beast's tail was cut off by the sword when it was captured. As long as Spirit Radiance Sect summons the Fire Spirit Beast, everyone will know who's lying!"

"Oh my God, this is bad! There's actually a mark? Didn't they say that no one in Heavenly Gates Sect has seen that Fire Spirit Beast before?" Yun Chujiu felt that she had said something wrong and quickly covered her mouth!
