

## The Yun Family's Ninth Child is an Imp! Chapter 434

In the following period of time, the Bai siblings were very active. Bai Moyu was very sociable. Other than Liao Chuan and the other new disciples who kept a respectful distance from him, some of the older inner sect disciples had a good impression of him. Not only was he generous, but he was also very good at talking. Bai Morou's delicate appearance attracted the attention of some male disciples. In addition to Yun Chushan's pursuers, the three of them were very popular among the inner sect disciples of Spirit Radiance Sect.

Due to the Bai siblings' encouragement, as well as Yun Chujiu's unbridled behavior, the inner sect disciples had a very bad impression of Yun Chujiu. Moreover, they were also indignant about Spirit Radiance Sect's higher-ups' favoritism toward Yun Chujiu!! How could a good-for-nothing at the fourth level of Spirit Enhancement be promoted to a true disciple?!

Although Yun Chujiu had many wicked ideas and could speak eloquently, should the sect not focus on cultivation? The level of spiritual power was the standard to measure a disciple! Which inner sect disciple among them did not have a higher spiritual power than her? How could she be promoted to a successor disciple?

Su Yun and the others told these rumors to Yun Chujiu, but she did not take them to heart. People would only be jealous of those who were slightly stronger than them, and when you reached the height that they looked up to, the jealousy would turn into respect!

Therefore, Yun Chujiu did what she was supposed to do. She was not affected by these rumors at all.

That afternoon, Yun Chujiu hopped over to look for Feng Ming. She felt that Feng Ming definitely had the potential to become her best friend. His personality was too compatible with hers. Most importantly, he was not pretentious at all!

When Yun Chujiu was about to reach Feng Ming's courtyard, two women walked over from the opposite side. One of them was Xu Yan who got thrown away by Di Beiming. The other woman was someone she had never seen before. She had a beautiful appearance and was even on par with Su Yanran, her temperament was different from Su Yanran's cold arrogance. She was very gentle and magnanimous.

“Senior Zhuo, you don’t know her yet, right?? During the period of time when you went out to train, this Yun Chujiu is very glorious! She obtained the first place in the great void mystic realm trial and was accepted as a true disciple by Elder Sun Bozhong. Furthermore, she had great luck and was able to cling onto Young Master Di. Now that Young Master Di has left, she’s pestering Senior Feng Ming. How shameless!’ Although Xu Yan had been thrown out by Di Beiming, she did not hate him. Instead, she hated Yun Chujiu! Recently, she had been very close to Bai Morou, so she spared no effort to smear Yun Chujiu’s reputation.

Senior Sister Zhuo berated her in a low voice, “Junior Sister Xu, stop talking nonsense! Junior Sister Yun is still young, so she does things without propriety. It’s inevitable for her to be a little thoughtless! Junior Sister Yun, Junior Sister Xu speaks without restraint. Please forgive her!”

Yun Chujiu glanced at Senior Sister Zhuo. She was obviously trying to mediate the fight, but in reality, she was belittling her. What a white lotus flower [1]. “Forgive her? What if I don’t forgive her? Why should I forgive her for slandering me? I’m not sick!”

Senior Sister Zhuo clearly did not expect that Yun Chujiu would not buy her words, she frowned slightly. “Junior Sister Yun, although Junior Sister Xu’s words are rash, we’re both disciples of Spirit Radiance Sect. You don’t have to be calculative! It’s really not worth it to have an argument just because of a few words that aren’t pleasing to the ear.”

Yun Chujiu could not help but sneer in her heart. This Senior Sister Zhuo’s words were really artistic. After hearing what she said, she decided to be a petty person!

“I’m sorry! First, I don’t know you. This is a matter between Xu Yan and me. Please stay in your lane! Second, Xu Yan slandered me first. Since she has the guts to slander me, then she must have the guts to bear the consequences! Xu Yan, are you going to slap yourself, or should I help you?”
