

The Yun Family's Ninth Child is an Imp! Chapter 442

After Elder Xiao entered the room, he actually nodded at Yun Chujiu and even gave her a strange smile!

Yun Chujiu almost jumped from her chair in shock! Aiyo!! Wasn't it too scary?!

This Elder Xiao was usually like a statue who did not smile. What kind of madness had overcome him today?! Could it be that ancestral master Ling Hua gave him a dream last night?!

Zhuo Piaoyu and Xu Yan saw that the usually serious Elder Xiao had smiled at Yun Chujiu. This was like seeing a ghost!

How could they have known that Elder Xiao's gratitude towards Yun Chujiu at this moment was like a torrential river!

It turned out that after Elder Xiao's self-denial and self-doubt yesterday, he had an epiphany!

The strong are easily broken. In the past, he was too rigid in terms of rules and regulations and had lost his true self. Cultivation itself was to conform to the Tian Dao, to conform to nature. He had overcompensated in the past!

Elder Xiao had been stuck at the fourth level of the spiritual emperor realm for several years and thought that he would stop here. He did not expect that after the Epiphany, he had actually made a breakthrough!

Elder Xiao felt that Yun Chujiu had beaten him up too well yesterday! If she hadn't beaten him up, he wouldn't have had that kind of idea. If he didn't have that kind of idea, how would he have had the opportunity to have an epiphany? If he didn't have an epiphany, how would he have broken through his limits?! So the source of all this was Yun Chujiu beating him up. It was that simple!

Elder Xiao glanced at Yun Chujiu and then asked, "Who served Yun Chujiu tea and pastries?"

The disciple who poured the tea thought to himself, it's over! Elder Xiao was the most upright and righteous person here, he must want to punish him! He knew that it wouldn't be good if he got close to Yun Chujiu, the little devil. There was no avoiding it now!

Zhuo Piaoyu and Xu Yan were very happy in their hearts. It turned out that Elder Xiao was sneering at Yun Chujiu just now! Yun Chujiu, I told you not to be smug. You were the defendant to begin with, yet you still drank tea and ate pastries. You deserve it! Elder Xiao is indeed upright. Yun Chujiu, you beat me in public. Just wait for your punishment!

"Elder Xiao, yes, I poured tea for junior sister Yun." The disciple said fearfully.

Yun Chujiu was about to plead for mercy, but she didn't expect Elder Xiao to nod. "Well done! However, this kind of pastry is too greasy. Bring a plate of spirit fruits here to relieve her of the greasiness!"

Everyone was dumbfounded! Xu Yan and Zhuo Piaoyu were so angry that they almost choked!

Has Elder Xiao gone mad?! This is the law enforcement hall! Not the living room!

Yun Chujiu is the defendant! The defendant!! The defendant!!!

Not only are you drinking tea and eating snacks, you actually care about whether her food was too greasy or not?

That disciple was stunned at first, then he nodded and ran off to get the fruits!

The disciple ran outside and giggled. Oh My God, after so many years, he finally heard Elder Xiao praise him. It was not an easy feat!! It seemed that Yun Chujiu was not as bad as he thought. It was his lucky day today, wasn't it?!

Elder Xiao glanced at Xu Yan and Zhuo Piaoyu and said with slight displeasure, "Tell me, why are you looking for me?"

When Xu Yan and Zhuo Piaoyu saw Elder Xiao's different attitude, they had an ominous feeling in their hearts. It was probably impossible to deal with Yun Chujiu!

Xu Yan sobbed and told them about yesterday's incident. Elder Xiao only frowned and then looked at Yun Chujiu and said gently, "Little Jiu, tell me what happened."
