

## The Yun Family's Ninth Child is an Imp! Chapter 447

Ding Lang, who was standing at the side, caught a glimpse of Zhuo Piaoyu's gaze and was delighted. He did not expect Zhuo Piaoyu to have the intention to kill Yun Chujiu. In that case, he would act accordingly and add fuel to the fire.

Originally, Feng Ming and Yun Chujiu were very close to each other. However, as the harvesting progressed, the two of them were separated.

Ding Lang saw that Zhuo Piaoyu had quietly lured the few remaining Eupatorium poison bees to Yun Chujiu's side, who was squatting down unaware as she picked Eupatorium grass!

Feng Ming was alert throughout the harvest. When he heard that something was wrong, he realized that the remaining Eupatorium bees had flown to Yun Chujiu's side. He quickly used his wind blade to attack the bees while shielding Yun Chujiu behind him.

Feng Ming had the highest spiritual power among them, so it was not a problem for him to protect Yun Chujiu!

Zhuo Piaoyu was extremely resentful. She gritted her teeth and deliberately got stung by a Eupatorium bee then fell toward Feng Ming. "Ah! Senior brother Feng Ming, save me!"

Feng Ming was shocked and subconsciously grabbed Zhuo Piaoyu who was about to fall. At that time, Ding Lang lured a few poison bees toward Yun Chujiu. 'Damned Girl, die!' Among the few of them, only he had the antidote to the poison. If he intentionally held back the antidote, you would be dead for sure!

A few poison bees flew towards Yun Chujiu viciously!

Feng Ming reacted and when he wanted to attack, it was already too late! Feng Ming's head buzzed. It was over! If junior sister Little Jiu was stung by so many Eupatorium bees at once, she would immediately die from the poison.

Yun Chujiu stood calmly on the spot and did not hide. The few Eupatorium bees were blocked by an invisible barrier when they were within three feet of Yun Chujiu.

Yun Chujiu giggled. "Tsk tsk, turns out the defensive spiritual tool that my Prince Charming gave me is really useful. These stupid bugs still want to sting me. What wishful thinking! Hahaha, come on, chase me. Let's play hide-and-seek!"

Yun Chujiu was jumping around and playing with the few Eupatorium poison bees. She was having so much fun that Zhuo Piaoyu almost fainted from anger!

Ding Lang's eyes flashed with malice. 'Stupid girl, keep showing off! Let's see if you can still laugh!'

Feng Ming was occupied carrying Zhuo Piaoyu and had his attention on Yun Chujiu. He did not notice when Ding Lang quietly sprinkled some powder on him.

A moment later, dozens of Eupatorium bees came out of the hive. Unlike the Eupatorium bees that were lured away, these Eupatorium bees had blue stingers on their tails!

"Oh no! These are the egg-protecting bees of the Eupatorium bees! Why are they attacking? Everyone, Retreat!" Ding Lang pretended to be panicked and shouted!

Feng Ming was carrying Zhuo Piaoyu and Ding Lang had done something to him. How could he escape from these dozens of Eupatorium bees? He was instantly stung several times. Even Zhuo Piaoyu, who he was carrying, was stung a few times. All of this happened in a flash. When Yun Chujiu wanted to help, it was already too late.

Fortunately, Geng Yi and Shi Xuan ran back after leading the swarm far away. Together with Ding Lang, they forced the poison bees back to the hive.

“What’s going on? Don’t the egg-protecting bees usually stay in the hive? Why would they suddenly attack Feng Ming and Junior Sister Zhuo? Senior brother Ding, quickly give them the antidote!” Geng Yi shouted anxiously.

Ding Lang took out the antidote and gave it to the two of them. “This antidote can only control the spread of the bee venom. If you want to completely detoxify it, it’s best to get the honey of the Eupatorium poison bees.”

Shi Xuan frowned. “The Eupatorium poison bee’s hive not only has egg-protecting bees but there’s also the queen bee. The queen bee is a level eight demonic beast. Even if we join forces, we won’t be a match for it.”

“Although the queen bee is powerful, the queen bee won’t leave the hive. As long as we get the honey and leave the hive alone, there won’t be any danger!!”

“Junior Sister Yun has a defensive spirit tool on her. Why don’t you use it and steal some honey?” Ding Lang looked at the anxious Yun Chujiu.
