

## The Yun Family's Ninth Child is an Imp! Chapter 448

Geng Yi was stunned for a moment and then angrily rebuked, "Junior sister Little Jiu is only at the fourth level of the spirit enhancement realm. Even if she has a defensive spirit tool, it would be like sending her to her death! When we return to the sect, I don't believe that there is no way to detoxify the poison there!"

Ding Lang looked troubled. "The two of them were stung by the egg-protecting bees. Even if they took the detoxification pill, they wouldn't be able to make it back to the sect!"

Shi Xuan gritted his teeth. "I'll go! I get the honey even if it kills me!"

"I'll go with you! We can't just watch Feng Ming and junior sister Zhuo die from the poison. At worst, we'll all die together!" Geng Yi stood up and prepared to rush to the hive with Shi Xuan.

"Don't go, I'll Go! I can get the honey." Yun Chujiu said, before the others could react, they quickly jumped in front of the huge hive. The Eupatorium poison bee had few natural enemies in the Eupatorium Valley, so its beehive was not built on a high place, but in huge holes in trees!

"Junior Sister Xiaojiu, come back quickly! There's a queen bee in the Beehive! It's extremely poisonous! Your defensive spiritual device can't withstand its attack!" Geng Yi shouted.

As both Geng Yi and Shi Xuan were about to save Yun Chujiu, Ding Lang stopped the two of them. "Junior Sister Yun's defensive spiritual weapon is very high-level. Let's take a look at the situation first. Maybe junior sister Yun can do it. Moreover, if those egg-protecting bees attack again, I won't be able to protect the two of them alone. If they get stung again, it's over for them!"

Geng Yi and Shi Xuan considered Ding Lang's words, they could only observe the situation first and then act accordingly.

At this moment, Yun Chujiu had already taken out her large kitchen knife and hacked at the beehive.

Before Yun Chujiu's large kitchen knife landed, a queen bee that was much larger than the other Eupatorium poison bees crawled out of the Beehive. The poisonous stinger on its tail stung Yun Chujiu.

The poisonous stinger of the Queen Bee was blocked by the spiritual energy barrier. Yun Chujiu blinked her eyes and ignored the queen bee. She was ready to continue hacking at the beehive with the large kitchen knife.

However, the size of the queen bee was huge. It blocked almost all the attacks aimed at the beehives that were exposed. Yun Chujiu had no opening to exploit.

Yun Chujiu recalled what Ding Lang had said just now. The queen bee would not leave the beehive so easily. She had an idea.

Geng Yi and the others were stunned as they watched Yun Chujiu put away the kitchen knife. Then, she took out a rolling pin. The rolling pin kept growing until it was more than three meters long, Yun Chujiu took the extended version of the rolling pin and started to hammer the queen bee.

"Damn it! I'll hammer you to death! Why are you so stingy? I just want a small piece of it!"

"If you know what's good for you, hurry up and go away! I'll leave after I get some honey, or I'll hammer you to death!"

"If your subordinates can't sting me, what makes you think you can? I'll beat you to death in a moment! Do you want to protect the honey or your life?!"

..

It was the first time the miserable queen bee had encountered such a perverted human and this perverted broken stick! Its body was very strong, but when this broken stick hit its body, it really hurt!

The queen bee held on for a while, but it couldn't hold on any longer. The egg-protecting bees couldn't break the spiritual energy barrier on Yun Chujiu's body, so the queen bee was terrified!

The queen bee stepped back and gave up a small piece of the beehive.

"Are you a f\*cking miser? Even if you step further in, it won't even be enough honey for me! Aside from getting them an antidote, I have to try something the honey myself! Otherwise, wouldn't I have come here for nothing?" Yun Chujiu took the rolling pin and beat it again.

The queen bee could only step back a little. Where did this little pervert come from?! Why was it so greedy?! It hurts!

"Step back a little more! Do you still want to get beaten up?!" Yun Chujiu beat it again.

The queen bee felt that it was really going to end up a flattened queen bee, so it had to step back a little more.

Yun Chujiu then took the big kitchen knife and started to slice off part of the hive. The queen bee was about to collapse. Didn't you say that you wanted a small piece? How was that a small piece? It was almost half of the beehive!

Before the queen bee flew into a rage, Yun Chujiu finally stopped. She bared his little white teeth at the queen bee. "The old won't go and the new won't come. I'm helping you build a new house. I'll come to visit you another day!"

The queen bee buzzed a few times. 'You dare say you'll come to visit again? I don't want to see you again in this lifetime! Honey thief! Honey burglar!'
