

## The Yun Family's Ninth Child is an Imp! Chapter 479

Little Black heard Yun Chujiu's words and said proudly, "This isn't an injury bump. It's for feathers. The more feathers there are, the more powerful I am!"

Yun Chujiu curiously touched it with her hand. It was just a big bump. "Little Black, are you embarrassed to admit that you bumped into something? Hahaha! No matter how stupid you are, I will not despise you!"

Little Black was so angry that its hair stood on end. "Master! You're too much! I just woke up, and you're already making me angry, you heartless Master! Enough!"

Yun Chujiu was amused. "Now that you're up, I will have a lot more fun! Hahaha! Let's go! I'll take you to dig for some Spirit Stones! The damned Wuwei Tower actually dares to trick me! I will even take the array plate this time!"

The rolling pin weakly reminded, "Master, if you take more Spirit Stones, the Wuwei Tower will give you negative points. Then, won't Spirit Radiance Sect's results be dragged down because of you?"

Yun Chujiu laughed coldly. "HMPH!! I have already considered that! The higher the level of the Wuwei Tower, the more points it should grant. I will just let it deduct as it pleases. The points for clearing the ninth level will definitely be very, very high. When that time comes, even if points were deducted, there would still be a lot leftover!

"Moreover, I've already thought it through. Even if Spirit Radiance Sect's results are at the bottom because of me, there would still be another round of trial, right? During the alchemy competition, I'll go up and easily get first place!"

The rolling pin and Little Black nodded. These three fellows were all equally mystifying in their confidence. They had never considered what would happen if Yun Chujiu could not reach the ninth level? What if Yun Chujiu could not get first place in the alchemy trial? Besides, there were a total of

four competitions. Even if you got first place in alchemy, how could you guarantee that your overall result would be first?

The three of them began to search for the formation's core. Although the Desert Scorpions were constantly urged by the weapon spirit, and although they were formation beasts created by the formation, they would still have a natural fear of Little Black, hence, they did not dare to approach Little Black!

Yun Chujiu found the formation's core as she wished. Not only did she dig out all the Spirit Stones, she even took out the formation disk and put it into her storage ring!

The emotionless voice sounded like it was gnashing its teeth. "Third level of the Wuwei Tower trial, passed. Participant, Yun Chujiu, if you destroy the Wuwei Tower's facilities, the reward will be cancelled. Your points will be negative four hundred and your accumulated points will be negative five hundred."

At that moment, outside the Wuwei Tower, a disciple quickly noticed that Yun Chujiu's points had changed!

"Oh my God! Yun Chujiu's points have changed again! It has actually become negative five hundred! This Yun Chujiu is really a weirdo! She's now ranked last!"

"F\*ck! What's wrong with Yun Chujiu? Why are her points decreasing? Could it be that others are going up, but she is going underground? I've never heard that there is a basement under the Wuwei Tower!"

"How strange that she hasn't been ejected yet! What's going on?"

"Anyway, it's not a good thing! Can't you see that the people from the Spirit Radiance Sect are about to faint from anger? This is simply bringing a disaster! Not only is it not helpful, it's even counterproductive! The Spirit Radiance Sect actually has such a disciple. They're bound to be unlucky for over eight lifetimes! Haha!"

Master Xuanyuan was also feeling a little apprehensive in his heart. 'Little Ancestor, what kind of heinous thing are you doing? You're not tricking someone, right? Our Spirit Radiance Sect's results aren't good to begin with. If you do something like this again, we can only be ranked last!'
