

The Yun Family's Ninth Child is an Imp! Chapter 486

"This small jade bottle is so exquisite. If we sell the pills, will it be able to improve the consumer by several grades?! It's just that there aren't many of them." Yun Chujiu held a small jade bottle and said happily.

"Hey! Did you faint again? Hurry up and fulfill your promise. This lousy place is really boring. I'm Going Out!" Seeing that the spirit didn't respond for a long time, Yun Chujiu estimated that it was probably angered by her and fainted again.

Qi Ling struggled to get up from the ground. She was very sure that she had to send this walking disaster away quickly. Otherwise, the stone platform would be taken away by her! Because this girl was holding a large kitchen knife and gesturing at the stone platform!

"What material is this stone platform made of? It looks round and shiny. Doesn't seem like a bad idea to chop off a piece to make a stone bed!" Yun Chujiu said as she took the large kitchen knife and was about to start chopping.

"Stop! Stop! I'll do it! Just hurry up and leave!" said Qi Ling with a trembling voice while she threw a pile of things on the ground.

Yun Chujiu looked at the things on the ground. Other than a sheepskin scroll and a jade token, the most dazzling thing was the one hundred supreme-grade spirit stones! The rest were just a few bottles of pills and several middle-grade spirit tools.

"Are you kidding me?! I heard that our Patriarch Ling Hua obtained quite a few good items on the eighth level. Are you going to F*cking leave me with these pieces of junk?!" Even though Yun Chujiu said this... Her hands were not idle. She kept all the items on the ground into her storage ring, afraid that Qi Ling would take them back.

"Hmph! Your Ling Hua sect doesn't have any good items! That Yuan Ling Hua shamelessly chose all four items on the eighth level! There are only four treasures on the eighth level, and he took them away!

What else should I give you?! Scram!” As Qi Ling thought of that Brat from 10,000 years ago. She became even angrier! She directly ejected Yun Chujiu out of the Wuwei tower.

Outside the Wuwei tower, everyone’s gaze was focused on it. Although Yun Chujiu’s points had now become negative 25,300 points, everyone was still curious. Did Yun Chujiu make it to the ninth level? And why did she get so many negative points?

“Ah! Ah! Quickly Catch Me! Quickly Catch Me!” Yun Chujiu screamed as she was ejected from the ninth floor!

Just as Master Xuanyuan and the others were about to pick Yun Chujiu up, they saw a large chopping board catch Yun Chujiu and slowly land.

“Little Jiu, are you alright?!” Elder Xuanyuan and the others surrounded her.

Yun Chujiu giggled. “I’m fine! I’m fine! Are You guys alright?”

“Hmph! Yun Chujiu, because of you, our Ling Hua sect ended up in last place. What do you think?!” Qi Pianpian said softly from the side.

The other disciples of the Ling Hua sect also looked at Yun Chujiu with dissatisfaction. If it weren’t for her, they would have gotten third place at least!

Zhuo Piaoyu looked at Yun Chujiu with a cold smile. Yun Chujiu, not only will you lose your identity as a successor disciple, but you will also be hated by all the disciples of the Ling Hua sect because of the negative points. You have received your retribution!

Yun Chujiu frowned. That shouldn’t be. That damn Qi Ling said she would make her have infinite points! Yun Chujiu raised her head and looked at the stone wall. Her name was indeed in last place, and her points were still negative 25,300 points!

Yun Chujiu immediately became angry. She picked up the large kitchen knife and ran to the front of the Wuwei Tower, she placed her hands on her waist and cursed, "You old fart! Didn't you say that after I passed the ninth stage, my points would become infinite? Were you F*cking lying?! Change it now! or I'll chop you to death!
