

The Yun Family's Ninth Child is an Imp! Chapter 492

After the meal, Yun Chujiu and Xue Wuji first went to the snack shop to buy a bunch of candied fruits, preserved fruits, and dried fruits. Then, they went to the delicatessen shop to buy a lot of cooked food and kept them in their storage rings.

Then, Yun Chujiu dived into the final destination of this trip— the shop that sold storybooks!

When Yun Chujiu entered the storybook shop, she was like a fish in water. The selection was so wide that she could not stop buying every book she saw! This book was not bad, and that book was also very good. She ended up buying several hundred books. When Xue Wuji paid, he was staggered when he saw the covers of those books!

“The harem of a beautiful man with a smiling face”, “A handsome man sitting in a row”, “Every husband is beautiful”

After leaving the store, Xue Wuji coughed dryly twice. “Little Sister Jiu, your interest is very unique! It really surprised me!”

“Brother Wuji, do you want to read it too? I have two books here. Take them and read them. They are very good! I can already recite them fluently!” Yun Chujiu took out two books with bald edges from her storage ring and handed them to Xue Wuji.

After Xue Wuji took them, he felt that he was in a bad mood. One of them was “The daily life of a flower-picking female thief”, and the other was “The Empress’s male pets”. Xue Wuji felt that the two books in his hands were a little... Inappropriate, So he hurriedly stuffed them into Yun Chujiu’s hands. “Little Sister Jiu, it’s better if you keep them for yourself! I’m not... not interested!”

“Brother Wuji, take them and read them. They’re really beautiful! Why don’t you show them to the beauties in your palace? They’ll definitely like them.” Yun Chujiu felt that she had spent a lot of spirit stones on Xue Wuji today, if she didn’t give him something in return, she would feel a little guilty. Cough, cough. The main reason was that she was just bored of reading these two books.

“They don’t want to read them either. You should keep them for yourself!” Xue Wuji couldn’t imagine what would happen if he took these two scripts back! ‘Those beauties would think that I’m a pervert!’

“Aiya, don’t be polite. Take them!”

“Little Sister Jiu, you should keep them!”

“Brother Wuji, you don’t have to be polite with me. Just take them!”

...

Yun Chujiu felt that her hands were empty. Then, she heard a voice that was gnashing her teeth, “Black Thing, what is this?”

Yun Chujiu’s head buzzed. F*ck, why did the gigolo appear every time she was out with Wuji? I think these two must be having an affair!

Yun Chujiu blinked at Xue Wuji desperately and then turned around, her face full of surprise. “My Prince Charming, what a coincidence! You are shopping too? We are fated to meet each other! I predicted that we would meet here today, so I asked Brother Wuji to come with me!

“Ah, my Prince Charming, don’t misunderstand. Everyone else is preparing for the competition. It is not safe for a weak girl like me to come out alone. Moreover, I am so beautiful. It is really not safe!”

“Let me ask you, what is this?” Di Beiming’s face was livid as he waved the notebook in his hand.

“Ah, ah, this is what my brother Wuji bought just now. He said that he wanted to lend it to me to take a look. I thought of your teachings and said that I don’t want it no matter what. Hmm, just like that. Brother Wu Ji, tell me, is this what happened?” Yun Chujiu turned her head and asked Xue Wuji.

Xue Wuji saw that Yun Chujiu’s eyes were about to twitch, he gritted his teeth. “Yes, that’s right! This is what happened! Recently, I have fallen in love with this kind of book. The content is very interesting. I take it out to have a look whenever I have nothing to do. Can’t you see that it’s turning bald from overuse?!”
