

The Yun Family's Ninth Child is an Imp! Chapter 496

"I don't know! I don't know anything about formations. I've never learned it before." Yun Chujiu shrugged her shoulders and said.

"Then how did you find the formation core?" Everyone was puzzled. It was not easy to find the formation core. If it was a coincidence, then finding one was understandable. However, finding so many in a row was definitely not a coincidence.

"I originally didn't know how to do it, but when I was bored in the library, I flipped through books on formations. After learning about it on the spot, I sold off the book. Of course, I didn't learn it so easily! In the beginning, I looked at the wrong places. Later, I got used to it so I checked specific spots. Practice makes perfect!" Yun Chujiu said lightly.

Everyone looked like they had nothing left to live for!

Was this fellow's existence used to strike at our confidence?!

After flipping through a book, she could immediately learn the skill? Formations were the most difficult of the four arts of cultivators. Not everyone could learn it. One had to have a strong spiritual sense and comprehension. Many people couldn't even learn a third-level formation after learning it for decades!

Yun Chujiu, just by blindly guessing and immediately learning from a book, found the core of the ancient formation? This was too ridiculous!

As expected, those blessed by heaven were different from us normal people!

"Little Sister Jiu, you are amazing! I have never admired anyone since I was young. From now on, you are my idol." Xue Wuji leaned on Yun Chujiu's side and said in a flattering manner.

Yun Chujiu felt Di Beiming's cold breath coming out from her side. She did not dare to respond to Xue Wuji's words. She smiled foolishly and did not dare say anything.

"Little Jiu, what is the content of the ninth stage? Master Linghua did not even reach it. How did you manage to do it?" Master Xuanyuan quickly changed the topic when he saw the veins on Di Beiming's forehead bulging.

"Mm, the ninth stage has about a thousand jade bottles. Out of the thousand, only one contains pills that are not poisonous. I had to choose one according to that shameless old weapon spirit." Yun Chujiu was tactful and cooperated with Master Xuanyuan. "Furthermore, you can't check the contents. You can only choose one based on your gut feeling. After you choose, you have to eat the pill. If there is no poison, you will pass. Otherwise, you will be ejected from the tower." Yun Chujiu tactfully explained to Master Xuanyuan.

"Choose one out of a thousand? Isn't this too difficult?! It wouldn't be too bad if you could still check the bottle, but having to choose based on your gut feeling, then you can only rely on luck... Little Jiu, how did you decide?? Did you really choose a random one?" Elder Qi asked curiously.

"No! I have a trick!" Yun Chujiu giggled as she kept them guessing.

"What trick? There's a trick to tell the difference between the bottles?" Everyone's curiosity was piqued by Yun Chujiu.

"Hahaha! My trick is to turn around three times with my eyes closed, pick a random one, open the lid, and swallow the pill inside. Then, if I'm still alive and kicking, that stingy tool spirit said that I passed." Yun Chujiu even admired herself, 'My ability to spout nonsense is getting better and better'

"Little Sister Jiu, didn't you say that the Old Tool Spirit resented you for taking its formation disk? Why would it agree to give you infinite points?" Xue Wuji's presence could be felt anytime and anywhere.

“Hmph! I threatened it. If it didn’t swear to give me the points, I wouldn’t choose a bottle. I would set up camp on the ninth floor. I even took out the recliner. Later on, that Old Tool Spirit got dizzy and agreed to give me points after it got up.”

Everyone sympathized with the Wuwei tower’s Qi Ling. It was truly unlucky to meet such a perverted little demon. No one had heard of anyone going to the trial and even threatening the Qi Ling!
