

The Yun Family's Ninth Child is an Imp! Chapter 503

"Little Sister Jiu, I'm sorry. It's all my fault. I let it slip!" Xue Wuji looked guilty.

Yun Chujiu said angrily, "It's not your fault! That tsundere needs to be taught a lesson! I'm only reading those books to pass the time, but he's already making judgments! His heart is only as big as the eye of a needle!"

"Di Beiming is famous for being fussy in the Tianyuan continent! Little Sister Jiu, don't be angry. It's even better that he left. Big Brother will take you around!"

Xue Wuji was overjoyed at that moment! 'Haha, I'm really smart! Little Sister Jiu definitely would not have thought that I let it slip on purpose. Di Beiming was so angry and just ran away. This is my chance!'

Xue Wuji attentively accompanied Yun Chujiu for a whole day. Yun Chujiu converted her grief and anger into purchasing power and shopped! Buy! Buy! Buy! Not only did Xue Wuji snatch the Spirit Stones, but he also bought all the things that Yun Chujiu felt she could buy but did not.

Shadow agent Huahua had a look of despair. It was over! Their young master had definitely fallen into this trap! 'Young master, there are thousands of women in this world. Why did you have to like the same woman as Di Beiming? You're definitely looking for trouble!'

It was only when the sun was setting that the two of them returned to Spirit Radiance Sect's camp. Xue Wuji lingered for a while and promised to return the next day to support the sect. Only then did he get on his sword and leave.

Sect Master Xuanyuan was very puzzled. 'Didn't Little Jiu leave with Young Master Di yesterday? Why was she sent back by this Yun Chuling today?'

Things between young people were really hard to understand!

There was a small stream beside Spirit Radiance Sect's camp. Yun Chujiu was in a bad mood, so she sat by the stream and picked up the pebbles by the side and threw them into the stream!

Although she did not show it on the surface, she felt a little sad and a little wronged. The gigolo was really too overbearing!! Although those books were a little vulgar, she just wanted to enjoy them. Was there a need for him to be so angry?! He even said that she wanted him and Xue Wuji to both marry her! He was really too detestable!

He left her when he was angry. If they got married in the future, he would definitely run away from home when he was angry!! When that time came, she would hug her baby and silently cry. Just thinking about it was upsetting, right?!

Hmph! This time, she would definitely not lower her head first! She had to control this bad habit of his!

"Wow, someone actually went out with a man for a night yesterday, and was sent back by another man. She isn't old, but she really has some tricks to seduce men!"

Ah, she's the first person to pass the Wuwei Tower trial! She's even more powerful than our Junior Sister Su, so she's naturally not simple!"

"HMPH! She just got lucky! Junior Sister Su is the real genius! She is just a good-for-nothing in the fourth level of Spirit Enhancement, so what if she passed the ninth level?!"

"Although she's a good-for-nothing, she knows how to seduce men! I think besides those two men, there are three male disciples in Spirit Radiance Sect who are interested in her! It is said that she's one of the three heroes of Spirit Radiance Sect!"

"That's right! I wonder if those two young masters have bad eyesight, they actually took a fancy to this trash!"

...

Yun Chujiu's eyes darkened. Damn! They were really unlucky! It was just the right time to vent her anger on them!

Yun Chujiu turned around and saw two women standing behind her, both wearing Heavenly Gates Sect's inner disciple attire.

When the two saw Yun Chujiu turning around to look at them, one of the round-faced women said arrogantly, "What are you looking at? Since you've done such a shameless thing, don't be afraid of others talking about it!"
