

The Yun Family's Ninth Child is an Imp! Chapter 504

"If you two don't want to get beaten up, then get lost! Otherwise, don't blame me for being rude!" Yun Chujiu felt that it was better to give a verbal warning first. When the time came, she would take the most sensible action

"Haha! Haha! This is so funny! One of us is at the ninth level of the Spirit Enhancement realm, and the other is at the first level of the Spirit Cultivator realm. She, a useless person at the fourth level of the Spirit Enhancement realm, said that she wants to beat us up. Is she crazy?!" The round-faced woman laughed so hard that she staggered back and forth, and the other long-faced woman was also laughing so hard that she was trembling.

Yun Chujiu smiled and took out the isolation array from her storage ring. After she activated it, she said with a smile, "Both of you are seriously ill. In that case, I will enlighten you!"

Before Yun Chujiu finished her sentence, she had already arrived behind the round-faced woman. She raised her right foot and kicked the back of the woman's waist!

The round-faced woman did not even have the time to react and was already kicked into the stream. Coincidentally, her head bumped into a rock, causing her head to bleed and faint immediately!

When the long-faced woman saw this, she attacked Yun Chujiu. "Stinky girl! How dare you ambush me! I will kill you!"

Yun Chujiu easily dodged her attack and sneered. "You want to kill me? Come on, I want to see you try!"

The long-faced woman saw that Yun Chujiu's movement was extremely fast and a trace of viciousness flashed in her eyes. She gathered her spiritual power in her right palm and after forming a seal, six wind blades charged toward Yun Chujiu!

Stinky girl! I will kill you today! Our sect leader hates you to death. Even if I kill you, our sect leader will still keep my life. Perhaps he will even accept me as a successor disciple!

When the long-faced woman saw that Yun Chujiu did not dodge, she was very pleased with herself. 'This Yun Chujiu is most likely scared silly! This time, she's definitely going to die! When the time comes, I'll bring the corpse back to receive a reward!'

Who would have thought that Yun Chujiu would suddenly leap more than three meters high on the spot. After dodging the wind blades, she directly kicked the woman!

The long-faced woman was still secretly pleased with herself. After being kicked by Yun Chujiu, she also landed in the stream. The round-faced woman had already woken up and was about to get up, but she did not expect to be knocked unconscious by the long-faced woman again!

Yun Chujiu walked to the side of the long-faced woman and pressed her acupoints. She gave her a good beating and then stepped on her chest, she took out a large kitchen knife and placed it on her neck. "Hand over all the Spirit Stones in your storage bag, or I'll draw a little bastard on your face!"

The long-faced woman gritted her teeth and said, "Damn girl! How dare you treat us like this! Our sect will not forgive you!"

Yun Chujiu smiled at her and then took the large kitchen knife and cut her face. The woman cried out in pain. Seeing that Yun Chujiu was going to continue cutting, the woman was so scared that she quickly transferred all the Spirit Stones in her storage bag to Yun Chujiu.

"That's all? It seems that you really want to have a little bastard on your face!" Yun Chujiu took the kitchen knife and cut her again.

The woman screamed, "There's really nothing left! Senior Sister Li has some. Wake her up. She's richer than me!"

Yun Chujiu could not help but sneer in her heart. The saying, 'A friend dies, but not you' was very much true [1]. Yun Chujiu kicked the round-faced woman. When the round-faced woman woke up and was about to attack, Yun Chujiu stepped forward and pressed her acupoints. After beating her up, she said, "Your junior sister said that you're very rich. Hand over your Spirit Stones! Or else I'll draw a little bastard on your face too!"
