

The Yun Family's Ninth Child is an Imp! Chapter 505

The round-faced woman glared at the long-faced woman, and then saw the two bloody marks on her face. She reluctantly gave Yun Chujiu some Spirit Stones.

“That’s it? It seems that you really want to be sisters with your junior sister! Then I’ll grant you your wish!” Yun Chujiu was about to make a move with her big kitchen knife.

The round-faced woman was so frightened that she quickly transferred all the Spirit Stones in her storage bag to Yun Chujiu and begged repeatedly, “Miss Yun, I have eyes but I didn’t recognize greatness in front of me. I’ve already given you all the Spirit Stones, so please let me go!”

Yun Chujiu blinked her eyes and said, “How about this, I’m in a good mood today. One of you can go back alive. If either of you can take out any more valuable things, I’ll let you go.”

The long-faced woman quickly said, “Miss Yun, I have three stalks of low-grade, black category job’s tears!”

The round-faced woman saw the situation and hated the long-faced woman even more. She said loudly, “I have five stalks of mid-grade, black category sky blue sunflower!”

“I also have two Tier Five demonic beast’s inner cores!”

“Miss Yun, her inner cores aren’t valuable. I have three Tier Six demonic beast’s inner cores!”

...

Yun Chujiu sneered as she watched the two of them compete to take out valuable items. Naturally, she accepted them one by one with a smile. Later, seeing that the items taken out by the two of them were becoming less and less valuable, she tapped their mute acupoints and then withdrew the isolation array,

she shouted at the top of her voice, “Help! Help! The people of the Heavenly Gates Sect want to kill me! Quick, someone come! Help!”

When the people from Spirit Radiance Sect heard Yun Chujiu’s shout, Master Xuanyuan and the others immediately rushed over. They were almost scared out of their wits!

Master Xuanyuan rushed to the scene of the incident with a few leaps and was dumbfounded!

Who exactly wanted to kill who?!

There were two female disciples of the Heavenly Gates Sect lying in the stream. One of them had blood on her forehead and the other had two cuts on her face. From the looks of it, it was obvious that they had been badly beaten up!

‘Little Jiu, are you sure that they want to kill you and not vice versa?’

Besides, even if you want to frame them, you have to make the scene more realistic! In this situation, no matter who comes, they will think that you want to kill them!’

Just as Master Xuanyuan was in a daze, the people of the Heavenly Gates Sect arrived.

The Heavenly Gates Sect’s camp was close to Spirit Radiance Sect’s camp, so Du Guyi and the others also heard Yun Chujiu’s shout. Du Guyi was stunned. He had not instructed his disciples to kill Yun Chujiu. What was going on?

Thus, Du Guyi also brought some people from the Heavenly Gates Sect and rushed over!

Du Guyi saw the scene in front of him and immediately, he was furious. “Yun Chujiu! So you’re a thief shouting robbery! You’re clearly the one who beat up our Heavenly Gates Sect’s disciples, but you

actually twisted it! Master Xuanyuan, you have to give me an explanation for this matter. Otherwise, our Heavenly Gates Sect will never let this go!”

Master Xuanyuan coughed dryly. “Little Jiu, what exactly is going on?”

Yun Chujiu frowned, her face was filled with indignation. “It went like this! I sat by the stream to enjoy the scenery, and then these two senior sisters scolded me. They said that it was because of me that the Heavenly Gates Sect went from number one to number four. If they kill me, Master Dugu will definitely reward them, so they took action!”

Du Guyi sneered. “Yun Chujiu, do you think that everyone here is blind? You’re unharmed, and the two of them are covered in wounds. Who wants to kill who?”

Yun Chujiu said unhurriedly, “Of course they want to kill me. It’s a pity that they aren’t skilled. Moreover, I have the defensive spirit tool that you gave me! So not only did they not kill me, but they were beaten up by me instead. I was quite useless to begin with. I didn’t expect that the two of them were even more useless. They couldn’t even defeat me! I heard from sect leader Du that you’re quite regretful that they weren’t able to kill me, right? Could it be that you sent them to kill me?”
