

The Yun Family's Ninth Child is an Imp! Chapter 506

"Nonsense! Why would I send these two good-for-nothings to kill you?!" Du Guyi shouted angrily.

"Ah, do you mean to send someone powerful to kill me?! Heavens! How innocent I am! Fairy Yu Mei, Daoist Zhenyi, you two came at the right time! The people of the Heavenly Gates Sect want to kill me. Sob Sob! I'm scared to death!" Yun Chujiu ran to Fairy Yu Mei's side, face full of grief.

Fairy Yu Mei and Daoist Zhenyi also heard Yun Chujiu's heart-wrenching cries, so they hurried over. However, their camp was a little far away, so they were a step late.

The two of them also looked at the two female disciples of the Heavenly Gates Sect who were still lying in the stream, and then looked at the lively Yun Chujiu. Did they hear wrongly?! It was not the Heavenly Gates Sect who wanted to kill Yun Chujiu, but Yun Chujiu who wanted to kill the people of the Heavenly Gates Sect, right?!

"Sob sob! Do you see that they're in a worse state than me, so you thought that I wanted to kill them? Heaven and earth have a conscience. They didn't learn well, and I have the defensive spiritual tool that you two gave me, so I survived. Moreover, I know that their spiritual power is higher than mine, and there are two of them. Would I take the initiative to provoke them? Maybe if I was a fool!

"Why aren't they saying anything to defend themselves? Because they're guilty! Does the good person have to be killed to determine that the person alive is a murderer and villain? You two are reasonable people, so you definitely wouldn't think so! You two must help me make a decision! My young mind suffered a critical hit of a hundred thousand points!

"Oh, right! Sect leader Du just said that he regretted sending these two good-for-nothings to kill me. It would've been better if he had sent two powerful ones to kill me! Listen, as the sect leader of a sect, he actually sought revenge for the smallest grievance! Just because their Heavenly Gates Sect got fourth place, he wants to kill me. This is too vicious!

Sob sob! My little life has been seriously threatened. Who knows? He might even hate you two. In any case, he hates those who are stronger than his Heavenly Gates Sect! He felt that other than their Heavenly Gates Sect, no other sect should be ranked first!

“If you think about it carefully, if the second round of the competition is held tomorrow, and if the Bixiao Palace and Immortal Sword Sect had a disciple who was ranked first, he would also have to send someone to kill them!” After Yun Chujiu said that long sentence, she did not stop in the middle. Du Guyi was so angry that his face and neck was red. He wanted to interrupt a few times, but he was drowned out by Yun Chujiu’s clear voice!

Fairy Yu Mei and Daoist Zhenyi were both stunned!

How could this little girl have such a large mouth? She was really too talkative!

However, the two of them believed her by about eighty percent. What the little girl said made sense. She had no motive to kill the two disciples of the Heavenly Gate sect. On the other hand, it was Du Guyi, the old man, who suffered a loss in the Wuwei Tower trials. It was inevitable that he would feel indignant, so the disciples of the sect had to kill him! Du Guyi was narrow-minded and was really capable of doing such a thing!

Fortunately, this little girl had a defensive spirit tool on her. Moreover, she had a lot of shrewdness, which was why she had escaped death!

Du Guyi saw that Fairy Yu Mei and Daoist Zhenyi were deep in thought. He shouted angrily, “Yun Chujiu is spouting nonsense! I didn’t send them to kill Yun Chujiu at all! Even if they really wanted to kill Yun Chujiu, it was their own decision that had nothing to do with me!”

When the two women in the stream heard Du Guyi’s words, they were scared out of their wits. ‘If the sect leader gave up on us, then Spirit Radiance Sect will not forgive us!’

Previously, the two of them wanted to defend themselves, but they could not make a sound. In their desperation, the round-faced woman realized that she could make a sound and quickly shouted, “I didn’t want to kill Miss Yun. I only scolded her a few times. It was Junior Sister Qi who wanted to kill Miss Yun!”
