

## The Yun Family's Ninth Child is an Imp! Chapter 514

Yun Chujiu saw that the flame talisman in her hand was drawn with a square meter of talisman paper. The talisman was only drawn in the middle, and there was still some blank space around it. Therefore, she took out a pair of scissors and cut out the blank space.

“This drawing can be drawn with big or small paper. People even make micro-carvings on grains of rice, so the size shouldn’t affect the effect. I’ll try it with this small piece! I’m too smart! This is called reducing wastage!”

Therefore, Yun Chujiu divided the talisman paper that she cut into four parts and used her finger to dip it in the blood of the demonic beast to draw. In a short while, she had completed one piece!

“Tsk! Look at how fast I am drawing. Look at those people on the stage, it was like they were carving embroidery. I will just draw with this! A little of this! Add to it a bit of that! I just don’t know if I will succeed this time.” Yun Chujiu muttered a few words, then injected her spiritual power into the talisman paper and threw it out with a whoosh!

However, the talisman paper’s runes were not activated. They slowly fell onto the grass!

Yun Chujiu could not help but feel a little disappointed. It seemed that she had thought things were too simple. Could it be that she could not use her fingers? That was not right. Then why was it activated when she used the drawing paper just now?

Yun Chujiu drew a fire talisman on another small piece of talisman paper. Then, she used her spiritual power to trigger it and threw it out, but there was still no reaction.

Yun Chujiu tried the remaining two small pieces of talisman paper, but she still did not succeed. She did not sleep well yesterday because of the matter with Di Beiming. She yawned and mumbled,

“F\*ck! It seems that geniuses can’t always succeed! Let’s try using the talisman pen and talisman paper another day! I’m going back to sleep first, I’m so sleepy!”

Yun Chujiu put away the isolation formation plate and the Illuminating Pearl and hopped back to the female disciple’s shed!

After two hours, everyone fell asleep. The four small talisman papers that Yun Chujiu had thrown away on the grass turned into a fireball the size of a basin and started burning!

If one looked carefully, they would find that the fireball contained traces of purple lightning power!

Other than some weeds, there were also some fallen leaves on the ground. The fire spread in an instant!

Master Xuanyuan and the others were quite alert and quickly discovered the fire. They quickly put out the fire without alerting the disciples.

“Strange, why is this grassland burning for no reason?”

“It is indeed a little strange. Could it be a heavenly fire? But we didn’t hear any thunder!”

“Sect Master, could it be that someone is plotting against us?”

Master Xuanyuan frowned. “It shouldn’t be. This method is a little too childish. This little fire can’t possibly cause any harm to us.”

Elder Qu slapped his thigh. “This is the craftiness of that old fellow Du Guyi. Perhaps he wants to disturb our disciples’ rest. If they don’t rest well, then they won’t be able to perform well in the remaining two competitions tomorrow!”

Everyone thought that it was possible. Otherwise, why would there be a fire for no reason!

The next morning, Xue Wuji still came early to curry favor!

“Little Sister Jiu! Come out and eat breakfast! I bought you shrimp dumplings, rice rolls, and small wontons today!”

Yun Chujiu yawned as she walked out of the shed. “Brother Wuji, you’re up early!”

Secret Agent Huahua was silently cursing at the side. Up early?! They did not sleep throughout the night and were busy having food prepared for you, our young master is a demon!

“Little Sister Jiu, did you guys roast meat again yesterday?” Xue Wuji sniffed and asked curiously.
