

The Yun Family's Ninth Child is an Imp! Chapter 530

"Damn it! Condemning people to death with just a nod of the death. The leader's hobby is so damn disgusting! If it wasn't for the poison pill, I wouldn't have stayed in this damned place!"

"Shut up! It's fine if you say this to me, but keep quiet when you get out. Be careful not to get yourself killed!" Gold Face shouted sternly.

Everyone stopped speaking indignantly. One of the assassins asked curiously, "Boss, that little girl could really talk, but she just obediently gave in? Could it be that she didn't resist?"

"That's right, that little girl seems to be quite smart, but she was defeated just like that?"

Gold Face shook his head. "That little girl escaped, but strangely, she disappeared without a trace. She must have used a concealment talisman."

"What?! Didn't she take a poison pill? How could she still have spiritual power? Besides, there are very few concealment talismans around, how could she have one?"

"I don't understand it either, but that little girl did disappear in front of me. I couldn't bear to stop her, so I didn't. I even told the leader that she ran towards the sleeping quarters." Gold Face recounted what had happened.

"Boss, the chief will soon find out that you lied. I'm afraid, you'll get in trouble because of her!"

"That's right! Boss, quickly think of a way out of this! Otherwise, according to the chief's increasingly violent temper, he definitely won't spare you!"

"Boss, they're right. Last time, just because a brother said something wrong, the chief beat him to death. I'm afraid you're doomed at this rate!"

..

Gold Face smiled bitterly. "What can I possibly do? Even if I escape now, the poison pill in my body alone will eventually take my life! After so many years, I have finally done something good. I hope that little girl can escape this!"

"Boss, I'm afraid that your intentions are in vain! Although that little girl has a concealment talisman, our base has a protective field. There's no way she can get out. Even for us, if we don't have a token, we won't be able to get out either. Therefore, once the duration of her concealment talisman is up, she will definitely be discovered."

Just as everyone was talking, someone shouted outside the courtyard, "Kill Commander Wu, the League Master wants you to go and see him!"

"Boss, you can't go! The leader must have found out that you lied to him!"

"That's right! Boss, according to the leader's personality, he will kill you!"

"Boss, you can run!"

Gold Face sighed, "Run? Where can I go? Didn't you guys say just it now? I can't get out of this protective array alone! Not to mention the poison in my body! Forget it, you guys take care of yourselves in the future!"

After Gold Face said that, he removed the isolation field and walked towards the door. The assassins wanted to persuade him, but at that moment, the guard who was summoned by the door fell to the ground and died!

There was a commotion. What was going on? Why was this person dead?

Gold Face was stunned at first, then he dragged the body of the guard into the courtyard and activated the isolation field!

“Little girl, come out. What are you doing?” Gold Face shouted.

“Boss, are you crazy? Who are you talking to?” The Assassins asked in confusion.

“Hehe, hello brothers! Long time no see!” A little girl slowly revealed herself and looked at everyone with a smile.

“Yun Chujiu?! Boss, she came at the right time. Let’s capture her and present her to the leader. You can make up for your mistakes. The leader will spare you!”

“Right! Capture her! Everyone, hurry up and do it before she uses the concealment talisman again!”
