

The Yun Family's Ninth Child is an Imp! Chapter 531

"Wait! I have already shown myself! Are you still afraid that I will run away?! I have something very important to tell you!" Yun Chujiu's small face suddenly became serious.

The golden-masked man waved his hand at the crowd, "Tell me."

"Are you really willing to be a tool for murder for the rest of your life? You don't want to get married and have children for the rest of your life? To live a life of looking up to others? Live a life of fear every day?"

"Even if you capture and send me to that bullsh*t leader, do you think that he will spare Brother Gold Face with that narrow mind of his? Sooner or later, he will kill Brother Gold Face!!"

"Now, there is a great opportunity in front of you. As long as you listen to me, I promise to kill that bullsh*t leader of yours! It depends on whether you have the courage and determination to go all out!" The aura from Yun Chujiu suddenly changed. It was no longer the mischievous attitude from before. Instead, it was replaced by a murderous aura.

Everyone was momentarily intimidated by Yun Chujiu's aura. They actually seriously considered what Yun Chujiu said.

"Little girl, of course we're not willing to be enslaved like this. However, what qualifications do you have to kill our leader?" The golden-masked man's face was filled with doubt.

"To tell you the truth, my Prince Charming will soon bring people to surround this place. My Prince Charming is a rather formidable existence. Not to mention this bullsh*t leader, even if ten of them were to join forces, they would not be a match for my Prince Charming! As long as we can hold on for another four hours, my Prince Charming will arrive with his men. What we need to do is to destroy the core of the protective array." Yun Chujiu mentioned Di Beiming—she was extremely proud and looked as if she was honored.

Everyone looked doubtful. 'Is this little girl bragging? Our Master is at the sixth level of the Spirit Emperor realm. Is that Prince Charming of hers that powerful?'

"Are you guys finding it hard to believe? My concealment talisman was given by my Prince Charming. If it were an ordinary person, would they have such an awesome item? Moreover, are you willing to accept a man coming into this world and living like a coward?"

"Little girl, although what you said makes sense, and even if we killed the chief, we've all consumed the poison pill. If we don't have the antidote, we will die in a month. If that's the case, why should we continue to live? As the saying goes, 'Better a bad life than a good death.'" Gold Face smiled bitterly.

"TSK! It's just a poison pill! What's the big deal! We'll just force that bastard to hand over the antidote formula. Even if we can't find the antidote formula, my master, Elder Qi, is a pill refiner. I don't believe that we won't be able to do anything about this poison pill.

"Even if we can't cure it completely, we can still delay it for some time. When the time comes, we'll find some old friends to discuss it with. There will definitely be a solution! Moreover, even if it did not work out, there was still me. I'm a little expert in alchemy! I have said so much. You guys can consider it yourselves. Whether you want to continue living on your last breath or be an upright person, it's your choice."

The gold-masked man smiled bitterly. "The little girl is right. Even if I capture her and hand her over to the leader, he will not let me off. Since that's the case, I will take a gamble. As for you guys, you can consider it yourselves. I will not force you."

"Boss, since you've already said so much, we'll follow you! At most, we'll just die. We'll treat it as if we were killed while carrying out a mission!"

"That's right! Boss, we'll take our chances too! Sooner or later, we'll all die. Why not take our chances? We might really have to fight our way out!"
