

The Yun Family's Ninth Child is an Imp! Chapter 535

Crack!

The jade pendant that Di Beiming gave Yun Chujiu shattered!

Yun Chujiu's last defensive spirit tool was also gone! The effectiveness of the concealment talisman on her body had reached its limit. Yun Chujiu gritted her teeth. In any case, that old bastard or that stinking worm could 'see' her anyway, so she did not need to use a concealment talisman.

"Haha! Little girl, you don't have any defensive spirit tools left on you this time, do you? If you don't want to die, hurry up, kneel down and beg for mercy!"

"Beg my *ss! Look at all my hidden weapons!" Yun Chujiu took out a few things!

A big sack! Chili noodles! Fire talismans! Pepper noodles! Anything that could be used as a weapon was thrown out!

However, these things were basically useless to the Purple-striped Venomous Python or the leader of the League of Assassins. Instead, it made the leader laugh instead. "Little girl, you are really naughty. What other good stuff do you have? Take all of them out!"

Yun Chujiu could only rely on her agile skills to dodge the attacks of the Purple-striped Venomous Python and the leader. Fortunately, he had bad intentions for Yun Chujiu and ordered the python not to kill her. He did not use his full strength himself. Otherwise, Yun Chujiu would have lost her life a long time ago.

Just when Yun Chujiu was about to be exhausted, dozens of people rushed in from outside the cave. They were the subordinates of Gold Face!

“Little girl, let’s hold him off. Quickly destroy the formation array!”

The leader sneered, “You’ve really overestimated yourself! You’re courting death!”

Seeing this, Yun Chujiu quickly said with her spiritual sense, “Little Black, I’ll distract the python at its head. You come out and burn the stinky long worm’s anus with a fireball. Be careful, don’t get poisoned! Furry, get the remaining three Spirit Stones!”

After Yun Chujiu gave her instructions, she jumped onto the head of the python and cursed at it, “Stinky long worm, you ugly monster! You actually copied my signature mark, how shameless! Even if you have dragon scales on you, you’re still a stinky long worm!”

The Purple-striped Venomous Python was furious, and its huge head pounced toward Yun Chujiu!

Little Black saw an opportunity and threw a huge fireball toward the back of the python!

The purple-striped python rolled on the ground in pain and naturally gave up the position of the disk array. Furry quickly used its claws to dig at the Spirit Stones inside.

Yun Chujiu continuously struck the head of the python with lightning while Little Black focused on burning the butt! The master and pet pair worked extremely well together!

The back of the Purple-striped Venomous Python was its weakest point. The fireball that Little Black spat out contained the power of lightning. After struggling for a while, the python just laid on the ground and did not move!

Before Yun Chujiu could catch her breath, she heard the leader of the League of Assassins cackling. “Little girl, you really have a lot of treasures! You and these little things belong to me! I will take you down even if I am tired!”

Yun Chujiu found that the other assassins had been beaten to the point that they were all lying on the ground. The ground was covered in blood, and she did not know whether they were still alive or not. Yun Chujiu could not help but feel guilty. If she was not incompetent, perhaps they would not have ended up in such a miserable state. If it were not for her low spiritual power, her cheap grandfather and the Yun family would not have been threatened!

While Yun Chujiu was in a daze, the leader of the League of Assassins jumped up and reached out his hand to grab Yun Chujiu!

Little Black quickly threw a fireball at him. 'Damn it, you dare to bully my master? I will burn you to death!'

The man dodged Little Black's fireball and could not help but sneer, "A mere sixth level spiritual beast dares to attack me. You're really courting death!"

As he spoke, he threw a fireball at Little Black. Little Black flew up to avoid the fireball. Yun Chujiu also came back to her senses and attacked the leader with Little Black.

Furry finally dug out the last Spirit Stone. Seeing that Yun Chujiu was beaten to the point that she could not retaliate, she rolled her eyes and threw a sticky silk net at the man!
