

## The Yun Family's Ninth Child is an Imp! Chapter 538

Yun Chujiu saw that the assassins followed her instructions and were operating in groups of two. Very quickly, their spiritual power was restrained and tied up with a belt. Yun Chujiu also restrained the remaining assassin's spiritual power and tied it up with a belt. Only then did she let out a temporary sigh of relief.

Yun Chujiu looked at the dark clouds in the sky and said with a smile, "Little Dark Cloud, well done! Don't go yet. Stay with me for a while. Wait for my Prince Charming to come, then you can leave!"

The dark clouds in the sky turned pink. Oh my! That was the first time the dark cloud was praised by this little troublemaker. The cloud was a little embarrassed!

Yun Chujiu first released Little Black and Furry from the Spirit Beast Pouch to check on their injuries.

Furry was fine. Thinking about it, it was also fine when Yun Chujiu beat it with a rolling pin in the Great Void Mystic Realm. It was just a fall just now, and it was indeed not a big deal. Furry was just too worried about the sticky silk net, and it was a little dazed from the fall. That was why it was in such a state.

Little Black suffered serious internal injuries. Yun Chujiu took out a blood clotting pill with golden patterns and fed it to Little Black. She took one herself.

Almost at the same time, the main gate of League of Assassins was breached. Di Beiming and his men killed everyone like a god of death. However, they did not find any trace of Yun Chujiu. They found an assassin who led them to the leader's palace, and they turned the place inside out but did not find anyone!

It was not until the rumbling of thunder was heard that Di Beiming and the others found the place!

An Feng rubbed his eyes when he saw the scene in front of him. 'Damn, is my eyesight bad?!

'What the hell are the hundreds of people on the ground doing, tied up like dumplings?!

'Even if they did not move, it would have taken a while for Miss Jiu to tie all of them up, right? How did she do it?'

Di Beiming saw that Yun Chujiu's mouth was still stained with blood. His eyes turned red, "Black Thing, who hurt you?"

Yun Chujiu bared her white teeth. "I've already killed him! Look! It's that Little Dark Cloud in the sky who helped me! This is a rare conscience of the dark cloud world. He even waited for you to come."

"Little Dark Cloud, my idol is here. You can call it a day! Thank you so much! See you later!" Yun Chujiu waved her claws at the Little Dark Cloud in the sky.

The dark cloud in the sky was simply overwhelmed by the favor and floated away while trembling!

Di Beiming had a dumbfounded look on his face. 'This dark cloud struck the Black Thing and even has feelings for her? It actually saved the Black Thing?' The things that had happened to her were something that he could never guess.

"Prince Charming, the people in the cave have helped me. Send someone to treat them." Although Yun Chujiu had suffered internal injuries, she had consumed the blood clotting pill with golden patterns, and secondly, the strange grass in her Dantian had also played a miraculous role. Therefore, after a while, she became lively again.

After treatment, Gold Face's life was not in danger although his injuries were not light. A few of the others died, but most of them were still alive.

Di Beiming sent people to temporarily lock up the assassins who had their spiritual power restrained in the cave. He also activated the isolation array, preparing to interrogate them later.

Yun Chujiu felt that this was a relatively satisfactory result. Before she had the time to talk to Di Beiming, she saw a large patch of dark clouds floating in the sky again.

Yun Chujiu was a little puzzled. 'This can't be right. I had a sudden inspiration just now and forcefully summoned the thunder tribulation. Why is it here again?! I didn't do anything bad!!'
