

The Yun Family's Ninth Child is an Imp! Chapter 54

A large Metal Bone Bear ran over, grabbed its prey on the spit, and ate it.

Yun Chujiu was so livid that her eyes turned bloodshot.

'DAMN IT! I haven't had enough yet! How dare you come over and steal my food! DIE!'

Yun Chuwu was terrified by the fierce aura oozing out of Yun Chujiu, and she thought. 'What's going on with Young Jiu? Is she too scared?'

Yun Chuyi glowered and whispered, "Theoretically speaking, this area should only cover the first tier monsters' sphere of activity. Why is there a second-tier Metal Bone Bear over here?"

"Big Brother, this Metal Bone Bear could have been attracted by the monster meat. Although it's quite hard to deal with it, we can still work together and kill it. Who knows? Maybe there are crystal cores in its body!" Yun Chuba said excitedly.

"All of you, do not get involved. Chushi and I will handle this!" Yun Chuyi glanced at Yun Chushi, and both of them blocked the Metal Bone Bear by positioning themselves in front as well as behind it.

Yun Chuyi raised his hands, and a wind blade went flying toward the Metal Bone Bear's chest.

Yun Chujiu was excited. 'So, that's how spiritual energy looks like when it's released! That's so cool! If I'm at the Fourth Level in Spirit Refinement Realm, would I be flinging celestial lightning bolts every time I raise my hands? Whew... it sounds awesome even when I'm just thinking about it!'

Although the wind blade cut into the Metal Bone Bear, it brought no damage to it due to its rough and thick hide. It did, however, make the Metal Bone Bear furious.

The Metal Bone Bear growled, raised its large paw, and waved it at Yun Chuyi, who was in front of it.

Yun Chuyi immediately moved his body and dodged the hit from the Metal Bone Bear. At that moment, Yun Chushi waved his hands behind the bear, and a fireball the size of a fist flew toward the Metal Bone Bear.

The Metal Bone Bear's black fur instantly started to burn.

The monster may have been huge, but it was very agile. It rolled on the ground and extinguished the fire.

It was now completely livid! It started to growl loudly!

“GROWL!”

Similar growls could be heard from a spot not far away.

“Oh no! There is still another Metal Bone Bear nearby!” Yun Chuyi was terrified. The Metal Bone Bears could be a couple. It would have been easy to fight with just one, but to fight two of them would be incredibly hard.

However, it was too late for them to leave now. Another Metal Bone Bear, which was even larger than the first growled and rushed toward the shrub where the members of the Yun family were hiding in.

“Oh no! This is a third-tier Metal Bone Bear! Climb up the tree!” Yun Chuwu pushed Yun Chujiu away.

Meanwhile, the other members of the Yun family fought with this Metal Bone Bear.

Those who were not engaged with the first were all at the Third Level in Spirit Refinement Realm, so they were not able to perform long-ranged attacks. But the Metal Bone Bear was extremely powerful, and soon, some guards were injured! The others also suffered varying degrees of injuries.

Yun Chujiu sat on a tree branch and frowned. 'They're just attacking without any order at all. Seriously, they'll just waste their energy, and the results will not even be good.'

Yun Chujiu's mind raced, and she thought of something. She shouted loudly, "Fifth Sister! Use your sword and stab its eyes! Sixth Brother, cut its ears off with your saber! Seventh sister, use your sword and poke its a**hole—"

Yun Chuqi was so livid that she almost got a stroke when she heard that, but she knew it was not the time for her to get mad. Hence, she could only focus on attacking the Metal Bone Bear's a**hole like a tragic heroine.

After one hour, both Metal Bone Bears fell to the ground with a boom, and the members of the Yun family were so exhausted that they collapsed on the ground as well.

Yun Chujiu climbed down the tree with deft movements and kicked one of the Metal Bone Bears viciously. "Damn you! You're at fault for snatching my roasted meat! I blame you for disturbing me during my mealtime! Hmph! I'll roast you and eat your paw later!"

"Yun Chujiu, we're exhausted, and you can only think about food?! You're so ungrateful!" Yun Chuqi spat while she panted.

Just as Yun Chujiu was about to say something, the sound of footsteps was heard from the distance, and judging by the sound, there were quite a number of people coming toward them.

Everyone raised their heads, and they saw the Bai family approaching them. Bai Moyu was leading them.

“Surround them! Kill them!” Bai Moyu said ruthlessly.
