

## The Yun Family's Ninth Child is an Imp! Chapter 541

Di Beiming took a deep breath and solemnly said, "Black Thing! There are some things that I didn't intend to say because I was afraid that you would be too shocked. But now it seems that if I keep quiet, I will end up harming you.

"You have always been opportunistic and relied on your words to take advantage of me. You also think that because you have the Heavenly Thunder Spirit Root and are smart, you can afford to be complacent and neglect your cultivation.

Other than eating, drinking, and having fun all day, did you take cultivation seriously? Usually, you put your attention on reading 'those' books and dealing with a few scumbags. Others went to the trials to increase their actual combat experience. Have you ever been there?

Even in the trials of the Great Void Mystic Realm and the Wuwei Tower, you relied on external forces to win. When have you relied on your own abilities to win?

"Also, don't you know that you can't bite off more than you can chew when it comes to alchemy, formations, and talismans? You fiddle with everything, which one of them do you understand very well? Not only are you not good at it, but you also lack focus on one particular technique! If this continues, sooner or later, you will suffer a great loss!"

"You even said that you want to protect the Yun family and look for your adoptive parents. What right do you have to say such words? Just like this time, if the people from the League of Assassins really intended to kill the Yun family members in front of you, do you have the ability to stop them?"

Yun Chujiu's mouth was wide open and her face was filled with shock. Di Beiming's words were like an arrow that went straight to the heart.

Di Beiming saw that Yun Chujiu had been affected by his words and he couldn't bear it. However, for her to improve quickly, he had to make her change.

Otherwise, sooner or later, something would happen. At this moment, he was very afraid. If the Black Thing didn't attract the Heavenly Thunder and if the Heavenly Thunder had not struck the League of Assassin's leader as she said, then the consequences would be unimaginable.

Yun Chujiu was stunned. What the pretty boy said made sense. In her previous life, she had lived a hard life. In this life, she had thought that it would be easier, so she just wanted to muddle along. She felt that there was nothing wrong with that.

Ever since she transmigrated, things had been going smoothly. Although there was a strange grass in her Dantian that made her a little worried, whether it was in the Yun family or the Linghua sect, she had not met any powerful enemies other than a few scum. Even if she had offended Du Guyi, however, with the Linghua sect as her backer, he did not openly dare do anything to her.

Moreover, she had an awesome Heavenly Thunder Spirit Root. Even Heavenly Thunder could not kill her. She also had an immortal artifact like the rolling pin, so she felt invincible!

She felt that cultivating amounted to nothing much. Anyway, she could easily level up without cultivating, so why was it so hard?! Why would she not use external forces?! It was both easy and convenient!

However, this incident had alarmed her. If Gold Face and the others did not have a trace of benevolence, not only would she have died, but even her grandfather and the others would have as well. The Pretty Boy was right. Only strength was the absolute truth. Only when she became strong enough could she protect the people she wanted to protect and live the life she wanted to live.

Di Beiming sighed in his heart when he saw the changing expression on Yun Chujiu's face. Although it was hurtful to say so, it was still better than waking up after tragedy had occurred.

The expression on Yun Chujiu's face gradually turned from confusion to determination. She smiled brightly at Di Beiming, "Prince Charming, what you said makes sense. From now on, I will work hard and not waste any more time!"

Di Beiming nodded. He was very gratified. Although the Black Thing was usually a little mischievous, she was still very clear when it mattered.

Yun Chujiu continued, "Prince Charming, let's go! Let's go search the League of Assassin's treasury! All the defensive spiritual artifacts on me have been destroyed. This time, I will get a hundred and eighty defensive spiritual artifacts to hang on me! I will also search for some poison pills and talismans. In the future, if anyone wants to kill me, I will poison them to death!"

Di Beiming...
