

## The Yun Family's Ninth Child is an Imp! Chapter 546

"We found the real leader of the League of Assassins. It turns out that all the leaders we've seen over the years are all fake!" Gold Face unveiled the bad news.

"What? There's such a thing? Then is the true leader of the League still alive?" Yun Chujiu asked in surprise.

"Although he's still alive, he was tortured until he was no longer human. The reason why the fake leader didn't kill the true leader was to interrogate him about a secret of the League of Assassins. The true leader resisted the torture and didn't reveal anything, that's why he's still alive." Gold Face sighed.

"Then when was your true leader captured?"

"Eight years ago."

"Then didn't you find any clues?"

"Miss Yun, we also suspected that in recent years, the fake leader not only made us take poison pills but also made us more violent. Most importantly, he even played with some young girls. We thought that it was the leader's cultivation that caused his temperament to change. We didn't think that he was a fake."

"The three rules of your league were also set by the true league leader, right?" Yun Chujiu asked.

Gold Face nodded. "This rule was indeed set by the true league leader. Perhaps the fake league leader was afraid of being exposed, so he kept them as they were."

"No wonder. Initially, when I heard these three rules, I thought that the leader of the League of Assassins was a decent person. I didn't expect him to be an old b\*stard. Turns out he was a fake." Yun

Chujiu initially decided to try to talk to the leader of the League of Assassins because of these three rules, who would have thought that he was a fake.

Yun Chujiu did not ask what secret the fake leader of Gold Face wanted to know. The secret that the real leader had risked his life to protect must be very important to the League of Assassins.

Unexpectedly, Gold Face took the initiative to say, "Miss Yun, our real leader is grateful to you for saving the League of Assassins. He asked me to tell you that the thing that the fake league leader wanted to know about was the Eye of the Earth."

Yun Chujiu was at a loss. What the hell was the Eye of the Earth?!

Di Beiming was shocked. He explained to Yun Chujiu, "Every continent has an Eye of the Earth. The Eye of the Earth continuously sends out Qi. The spiritual Qi is formed from the Qi of the Eye of the Earth.

The Eye of the Earth contains a huge amount of energy. If a person cultivates in it, he will have an astonishing cultivation speed. However, if the Eye of the Earth is destroyed, then the entire continent will lose its Qi."

"Ah, what the f\*ck! That fake leader's intentions were larger than we thought! Then he isn't alone. This jade token with the Spider Lily should be the sigil of that organization. Could it be that they want to destroy the Azure Mystic Continent?" Yun Chujiu said in shock.

Di Beiming's brows furrowed tightly. Since this organization's plans were so grand, it was likely that they weren't from the Azure Mystic Continent. Then where did they come from?

"Does your leader know the location of the Eye of the Earth?" Yun Chujiu asked curiously.

Gold Face shook his head, he smiled bitterly, "Our leader doesn't know at all. He has been lying to that fake leader to save his life. I don't know why that person thinks that our true leader knew about the Eye of the Earth. Our League of Assassins has met with an undeserved calamity."

Yun Chujiu blinked her eyes. It was not as if the true leader did not know about it. However, after this incident, she had become more cautious, so she naturally denied it. However, she was not interested in the Eye of the Earth. Whether or not he knew about it had nothing to do with her. However, the power behind this must not be underestimated. However, she did not know if the person who hired the fake leader to kill her was related to this power?
