

The Yun Family's Ninth Child is an Imp! Chapter 547

After Gold Face left, Di Beiming said to Yun Chujiu solemnly, "It seems that the matter is much more serious than we thought. The faction behind the fake leader is very powerful. You must immediately return to the Linghua sect and inform Master Xuanyuan about this. Let him join forces with the other factions to investigate this matter thoroughly."

Yun Chujiu nodded and bade farewell to Yun Xiaotian before returning to the Linghua sect.

Yun Chujiu told Master Xuanyuan about what had happened with the fake league leader, and Master Xuanyuan was also shocked.

"I've only heard of the Eye of the Earth. Its location is very secretive. Some say it's in the heart of the ten-thousand-year-old ancient tree, some say it's in the nest of ten-thousand-year-old demon beasts, and some say it's on the seabed of the deep sea.

In short, for tens of thousands of years, no one has known the location of the Eye of the Earth. Just what kind of force is so bold and reckless to want to involve the Eye of the Earth? They would make an enemy out of the entire Azure Mystic Continent!" Master Xuanyuan said angrily.

"Master Xuanyuan, this matter is of great importance. I suggest that you try your best to let a limited number of people know about this matter, and then use some roundabout methods during investigations." Di Beiming suggested.

Master Xuanyuan nodded. "Young master Di, what you said is right. I will discuss it with the other three sect leaders and then decide on the next step. Little Jiu, since the true culprit has not been found, don't leave the Linghua sect for the time being."

Yun Chujiu nodded. "Master Xuanyuan, don't worry! I have already decided. From now on, I will work hard and cultivate."

Master Xuanyuan deeply doubted what Little Jiu just said. This little girl couldn't stay idle at all. How could she spend time cultivating in the courtyard? As long as she doesn't cause trouble for me, I will be satisfied!

Yun Chujiu saw Master Xuanyuan's doubtful look and immediately became angry. "Master Xuanyuan, do you not believe that I can do it? Hmph! Let's wait and see! I will make sure that the back mountain of Middle Peak is struck by lightning from time to time!"

Master Xuanyuan reacted for a moment before he understood what Yun Chujiu meant. This fellow would be struck by lightning once he advanced. If he was struck by lightning from time to time, he would continue to advance.

Master Xuanyuan couldn't help but laugh. "Then I will be waiting for the good news. Go back and cultivate properly. I have to inform the other three masters about the Eye of the Earth."

Yun Chujiu left the jade token with the Spider Lily engraved on it to Master Xuanyuan. Then, she hopped back to her courtyard with Di Beiming.

Yun Chusi and the others were waiting at the entrance of the courtyard. When they saw Yun Chujiu, they couldn't help but feel excited, Yun Chujiu's small face was very serious as she said, "Brothers and sisters, this matter has rung a warning bell for us. We have to hurry up and cultivate. From now on, if the sect has a suitable trial mission, we have to participate. We can quickly increase our combat experience and also increase our spiritual power that way."

Yun Chusi and the others nodded. This matter had dealt a huge blow to them, especially when they watched Yun Chujiu being taken away, but they were powerless. That kind of helplessness, the feeling of incompetence, was painful to the bone.

After Yun Chusi and the others left, Di Beiming said, "I have nothing else to do for the time being. I will stay here to supervise your cultivation. If you participate in the trial, I will also follow you. Firstly, I will ensure your safety. Secondly, I will prevent you from taking advantage of others. During the trial, firstly, you are not allowed to use defensive spirit tools, secondly, you are not allowed to use spirit pets, and

thirdly, you are not allowed to use poison talismans. You must use your skills and spiritual power to win!”

Yun Chujiu suddenly felt her future fade away...
