

## The Yun Family's Ninth Child is an Imp! Chapter 548

"Black Thing, what's with that expression of yours? Have you forgotten what you said?" Di Beiming raised his eyebrows and questioned Yun Chujiu when he saw that she looked like she had nothing to live for.

"Prince Charming, you've misunderstood! I'm touched! You've done your job well. You've worked so hard for my sake!" Yun Chujiu said flatteringly.

Di Beiming frowned. Why did the last sentence sound so awkward?!

"My Prince Charming, let's eat first. I'll start cultivating right after we finish eating. I'll keep my word." Yun Chujiu quickly changed the topic.

After the two of them finished their dinner, Yun Chujiu blinked her eyes and said, "My Prince Charming, my defensive spirit tools have been broken by that fake League of Assassins leader. Give me a few more for self-defense! I promise I won't use them up."

Di Beiming also felt that it was necessary to give her a few defensive spirit tools. If she encountered a strong enemy, she would have an extra life-saving method, so he said, "I'll ask An Yin to go back tomorrow and get a few for you. You can cultivate in peace first."

Yun Chujiu nodded her head happily and began to cultivate bitterly.

It was easy to go from frugality to extravagance, but not vice versa. After sitting for a while, Yun Chujiu felt that her legs were sore, her arms uncomfortable, and even her hair felt itchy.

"Prince Charming, Prince Charming, can I rest for a while?" Yun Chujiu asked pitifully.

“It’s only been two hours, why should I rest?! Continue! If you continue to be noisy, you won’t be sleeping tonight!” Di Beiming glared at her.

Yun Chujiu pursed her lips and could only continue to cultivate.

From this day on, Yun Chujiu’s miserable days began! Other than eating and sleeping, she spent all her time cultivating. If she slacked off for even a moment, Di Beiming’s knife would fly towards her.

Di Beiming saw that Yun Chujiu was still slacking off from time to time and in a fit of anger, he forced her to write a letter of apology.

Yun Chujiu pouted and wrote a letter in a carefree manner. Then, she threw it to Di Beiming arrogantly, “Take It!”

Di Beiming looked at it and was furious! This fellow was indeed a repeat offender. After the three big words of the letter of apology, it was 0000001 again.

“Dear Prince Charming:

I promise that I will be conscientious and diligent in the future. I will cultivate according to your arrangements every day. Although such inhuman cultivation will seriously affect my growth and development and hinder my beautiful curves, to make Prince Charming feel at ease and make me stronger, I will definitely cultivate well.

Secondly, I promise that I will not be complacent in the future and will not take advantage of opportunities. I will be an honest person and do things conscientiously.

If I can not do the above two points, I will willingly accept my prince charming’s scolding and domestic violence.

Guarantor: Little Jiu has been tortured to the point where she has nothing to live for.

When Di Beiming saw the growth and beautiful curves, he naturally thought of the sentence that Yun Chujiu once said, "Use your chest to suffocate you." He could not help but feel a little hot all over his body. he shouted angrily, "What kind of nonsense is this?! Continue to cultivate!"

Yun Chujiu pouted and could only continue to cultivate.

Yun Chujiu was a person who muddled along. However, once she became serious, even she scared herself. In less than half a month, she was going to break through again!

"Haha! I am now at the fourth layer of the spirit cultivator realm. I wonder how many layers I will break through this time?! A genius is indeed a genius. As long as you work hard, you will improve rapidly. Some people are useless even if they are jealous!" Yun Chujiu glanced at Di Beiming.

Di Beiming sneered, "Black Thing, are you going to slack off again? Do you need me to take out your apology letter so that you can recall what you said?"
