

The Yun Family's Ninth Child is an Imp! Chapter 55

"Bai Moyu, are you mad? Although there has always been bad blood between our families, we have a mutual agreement to not rob or kill each other. What are you trying to do now?" Yun Chuyi felt his heart sink. Right then, everyone was exhausted, and it was impossible for them to fight back. Even if they fought, they would definitely be killed.

Bai Moyu sneered. "All of you should be grateful to Yun Chujiu. If she hadn't offended me first, I wouldn't be so cruel. I'll kill all of you so that the Yun family will have no offspring! Hahaha! I'd like to see just how you can even think about opposing the Bai family by then!"

Yun Chuqi glared at Yun Chujiu fiercely. As for Yun Chushan, she had a strange expression as if she was cooking something up in her mind.

Yun Chujiu never expected Bai Moyu to do such a thing. 'Seriously, he's a real sinister one!'

Unless the Yun family managed to completely retreat today, they would definitely hold a grudge against her. Yun Chujiu would not be able to gain a footing in the Yun family in the future as well.

"Bai Moyu, Young Jiu only scammed five hundred thousand taels of silver from you. We can just return it to you once we get back." Yun Chuyi hoped to buy them some time. Once everyone's stamina recovered, they might actually have a winning chance.

Bai Morou walked out from the back, and she looked savage. "Brother, you don't have to talk to them. Just kill them! Pass Yun Chujiu to me, I'm going to kill her myself!"

Yun Chushan suddenly spoke up. "Young Master Moyu, Miss Morou, since Yun Chujiu is the cause of this problem, we can just hand her over to you. There's no need for us to make a big fuss over this. Even if you really fight with us, you might not be able to achieve complete victory."

A thought then materialized in Bai Moyu's head. "Third Lady, what you've said is reasonable. All right! As long as you leave Yun Chujiu behind, all of you can leave immediately."

"Chushan, enough with the nonsense! Young Jiu is our sister. There is no way we are abandoning her!" Yun Chuyi rebuked Yun Chushan.

"Big Brother, I can't bear leaving Young Jiu behind too, but we can't just cast away the majority for the minority. Are all of us going to get killed because of her? Young Jiu, tell us, shouldn't you be responsible for this?" Yun Chushan asked Yun Chujiu, as though she could not bear the thought of sacrificing her too.

However, before Yun Chujiu could say anything, Yun Chuwu became the first to oppose Yun Chushan's decision. "No! I won't agree to it! I'll never hand Young Jiu over to them! If worse comes to worst, we can just fight them to the death!"

"I won't stand for this too! I'm not afraid to die at all! I'll just be reincarnated, and twelve years later, I'll still be a man! I, Yun Chuba, will not betray my sister just so that I can survive!"

“Exactly! At worst, we can all die together and become siblings again in our next life!” Yun Chulu forced himself to stand, and he carried his large saber so that he could shield Yun Chujiu.

“Chushi, Chuqi, what do you say?” Yun Chuyi looked at Yun Chushi and Yun Chuqi.

Yun Chushi smiled coldly. “We, members of the Yun family are willing to fight to the death instead of staying alive without dignity! If you want to kill Young Jiu, you will need to do it over my dead body!”

“Chuqi, what about you?” Yun Chushan’s face was a little pale. She did not expect that within just a few days, Yun Chujiu, who had been disliked by everyone, would gain so much popularity! She looked at Yun Chuqi. ‘Yun Chuqi is always treating Yun Chujiu as if she’s her greatest enemy, she’ll definitely side with me!’

“Hmph! Yun Chujiu might be a rascal, but that’s a private matter within the Yun family. Members of the Bai family, who do you think you are? Yun Chujiu still needs to remain alive to be my punching bag!” Yun Chuqi forced herself to stand up as well, and she brandished the sword in her hands.

1

Yun Chushan was shocked. She had thought that at the very least, Yun Chuqi would stand by her side.

Yun Chujiu was extremely shocked as well. "Seventh sister! It's no wonder why you always cause me trouble! So that's your love for me!"

Yun Chuqi gave Yun Chujiu a death glare. "Get lost!"

Yun Chushan felt deep loathing in her heart. She could not understand why these people would want to protect Yun Chujiu even at the risk of death. Still, she smiled bashfully and said, "Since everyone is so fearless, I will naturally not fear death as well. Come, let us die together!"
