

The Yun Family's Ninth Child is an Imp! Chapter 565

Just as Yun Chujiu felt the wind blowing past her ears, a white light flashed, and the four of them were transported to an extremely desolate place.

The ground was filled with small rocks. Yun Chujiu picked one up and looked at it. Pooh! They were all worthless limestone rocks!! Where were the rare ores that she was promised?!

“Senior brother Feng Ming, didn’t you say that this Ancient Mine was filled with gemstones? This place is bare, where are we going to dig for gemstones?” Yun Chujiu pouted and asked.

Feng Ming scratched his head and said, “Junior Sister Jiu, I heard from my senior brother who came here before that the places where they were teleported to are basically beside the mine. They could use the pickaxe to dig for gemstones. However, there seems to be something wrong with our situation.”

Geng Yi picked up the pickaxe and threw it to the ground a few times. He said dejectedly, “There is a layer of limestone below. It is impossible for there to be gemstones. Let’s go to another place.”

After everyone nodded their heads in agreement, they originally wanted to ride their swords and leave. They called out their flying swords and realized that this place was a no-fly zone. They could only laugh bitterly as they walked towards the east.

As for why they chose the east side, it was because they could vaguely see a tall mountain on the east side. Everyone felt that it must be a mine!

With the attraction of the mine, everyone felt that they could accept the fact that it was a little more tiring to travel.

Feng Ming and the others usually rode their swords and flew, but this was the first time they had traveled such a long distance. Although they were blessed with spiritual power, they were still

exhausted and sweating profusely. On the other hand, Yun Chujiu was jumping around and kicking stones when she had nothing to do. She was extremely relaxed.

“Junior Sister Little Jiu, aren’t you tired?” Geng Yi asked curiously.

“Not bad. Are you very tired? Your spiritual power is higher than mine, and you’re still boys. Will your physical strength be better than mine?” Yun Chujiu tilted her small head and asked in puzzlement.

When Geng Yi and the other two heard Yun Chujiu’s question, they immediately straightened their backs and squeezed out a smile. “Not tired! Not tired! How can we not have better physical strength than you?! I was just worried about you.”

Yun Chujiu nodded. “Don’t worry, I’m fine. I’m not tired at all. Let’s speed up. Shining gold ores are waiting for us in front of us!”

Feng Ming and the other two looked at the lively Yun Chujiu and cursed in their hearts. It seemed that little sister Jiu’s daily running around the entire Linghua sect was had an effect. At the very least, her physical strength was astonishing!

The three of them felt that if they let Yun Chujiu beat them, they would lose face, so they gritted their teeth and persevered.

When the moon rose, the four of them finally reached the foot of the mountain.

Feng Ming and the other two could no longer care about their reputations. They sat on the ground and panted heavily. Yun Chujiu, on the other hand, energetically picked up the pickaxe and dug into a rock!

“F*ck! It’s refined iron ore. It’s the least valuable! We’ve come so far for nothing!” Yun Chujiu picked up a piece of ore and said with disdain.

“Junior sister Little Jiu, although refined iron ore is not valuable, it’s better than nothing. Let’s rest for a while and dig after dinner.” Feng Ming said weakly.

“That’s right, little ninth junior sister. Although the refined iron ore isn’t worth much, there might be some accompanying ores. If we can dig up something like the misty mine, we’ll be rich!” Shi Xuan echoed from the side.

Yun Chujiu nodded. Seeing that the three of them were very tired, she took out a basin of steamed buns from her storage ring. “Eat, it’s still warm. After you finish eating, rest for the night. It’s not too late to dig in the morning. Anyway, it’s not worth much so nobody will be snatching it from us.”
