

The Yun Family's Ninth Child is an Imp! Chapter 58

Everyone looked up and saw three black spots appearing in the sky. They were approaching quickly.

“Oh gosh! That’s the legendary Flying Spirit Artifact!”

“A powerful person must have arrived!”

“Kneel down! Kneel down quickly! If the powerful person is angry, we’ll all be dead!”

.....

Both the Bai family and the Yun family fell to their knees, fearing that they might have brought trouble on themselves.

Yun Chuwu saw that Yun Chujiu was still nibbling at the rabbit’s legs happily and quickly yanked her. But Yun Chujiu could care less about kneeling in front of this “powerful person”. She just sat on the ground as she blinked and stared at the incoming Flying Spirit Artifact.

Di Beiming used the Flying Spirit Artifact to come and go every time. But to prevent unwanted attention, Di Beiming kept a low profile and often used the Flying Spirit Artifact only when he was at a remote spot. That was why Yun Chujiu had never seen a Flying Spirit Artifact before.

‘Tsk! That’s nothing. I’ve even seen an airplane before, why would I even care about this stupid toy?!’

Even though Yun Chujiu made this quip in her mind, her eyes were so bright that they were frightening. ‘But it’ll be good if I can get something like that for myself. It’ll be so convenient for my travels!’

Yun Chujiu and the others were at a spot that was relatively flat, and they were surrounded by low shrubs. The three Flying Spirit Artifacts actually flew toward them in order to get a smooth landing.

Yun Chujiu rolled her eyes. ‘This thing is actually more advanced than an airplane. It did not even make a sound. I wonder how the propulsion works.’

The three Flying Spirit Artifacts were not large, only three people could ride on each off them.

When Yun Chujiu saw one of the women in white, her heart sank. ‘This is bad! Why is she here?!’

But the Bai siblings were surprised and delighted. Bai Morou shouted with a quiver in her voice, "Sister Yanran, save me!"

Bai Moyu also added quickly, "Little Sister Yanran, please save Morou! Yun Family schemed against her and captured her!"

A beautiful middle-aged woman beside Su Yanran glanced at the people and frowned. "Yanran, do you know them?"

"Grandaunt, these are my uncle's nephew and niece!" Su Yanran silently despaired over her bad luck. She finally managed to come out with her grandaunt for a stroll, so why did she just have to meet the Bai siblings? How unlucky!

The beautiful woman raised her eyebrows. "Since they're our relatives, let's give them a hand! Luo Yin, go and solve the problem."

"Yes! Elder Su!" a young man responded respectfully.

"Junior Sister Yanran, don't worry, they're just some ants!" There was a flattering lilt in Luo Yin's voice. Although Su Yanran had not yet entered the Falling Clouds Sect, as long as Elder Su was here, Su Yanran would be a core disciple in the sect sooner or later, so there was no wrong in him trying to gain her favor. What more, Su Yanran was absolutely beautiful, and anyone would be moved by her beauty.

Su Yanran nodded slightly. 'You're just a puny inner sect disciple, and you're thinking of getting my hand? You sure are full of yourself!'

Luo Yin arrived in front of the Yun family and said arrogantly, "Release her! Otherwise, don't even think of leaving this place alive!"

Luo Yin sneered. He knew that these ants would not dare to do anything.

Yun Chuyi was worried that they might have gotten the Yun family in real hot water, and he quickly said, "Sir, this is just a small, private misunderstanding. We'll let her go! Young Jiu, release Miss Bai!"

Although Yun Chujiu was upset and dissatisfied, she knew that she was compelled to do so because of the circumstances. The people that came here were not just slightly stronger than she was. They were like lions, and she was just a chick. Even if she tried her hardest, she would not cause a splash. Yun Chujiu had to unseal Bai Morou's acupuncture points.

A ruthless flash in Bai Moyu's eyes. 'This Yun Chujiu is really detestable. Now's the best chance to kill them all with the help of Falling Clouds Sect!
