

The Yun Family's Ninth Child is an Imp! Chapter 591

Yun Chujiu and the others were instantly dumbfounded!

What did that mean?!

Could it be that everyone else had been teleported out and they were the only ones left there?!

Heavens, if that was really the case, would they not be trapped there for years? Moreover, who knew if there would be any other changes in this place? They might even be trapped there and die.

At that moment, the four of them did not care if they would run into Su Yanran anymore. They hurriedly passed through the nine stone walls and reached the outside. Yun Chujiu climbed to the top of the mine and looked around. Indeed, she did not see a single person.

The four of them were unwilling to accept this. They searched within a radius of a hundred miles but still found nothing. The four of them could only accept the fact that they were trapped in the ancient mine.

Yun Chujiu simply wanted to cry but she had no tears! Oh my God! Why did it have to be like this?!

“Could it have something to do with us being in that mine?” Shi Xuan thought for a while and said.

Feng Ming slapped his thigh. “Maybe it really is meant to be like that! Think about it, there are so many rare ores here. If we can be teleported out, wouldn't it be too easy for petty thieves as well? Oh right! Junior Sister Little Jiu, how did Little Black find that place?”

Yun Chujiu pouted. “It said that it had been there since it was conscious. Later, it felt bored and dug a hole for fun. It doesn't know anything else. It's just a glutton!”

The four of them discussed for some time, but there was no way out. If they could not find a way, they could only wait for a decade before being able to exit the place.

Yun Chujiu's sorrow came from within. Oh my God. Ten years later, perhaps the gigolo would have been seduced by some woman! By the time she exits the place, he would be the father of a few children!

It was all that little bitch Su Yanran's fault. If she had not chased after her, she would not have hidden in that cave. If she had not hidden in that cave, they would not have been trapped there.

At that moment, outside the ancient mine, Elder Xiao and Elder Qu were as anxious as ants on a hot pot. After counting the number of people, they found that more than ten disciples were dead or injured. However, what worried them the most was that Yun Chujiu, Feng Ming, Shi Xuan, and Geng Yi did not come out! Could it be that the four of them had died there?!

The successor disciples of the three peak masters and an ancestor. This would be a death sentence if something really happened!

Elder Qu and Elder Xiao asked the disciples who entered the trial one by one if they had seen Yun Chujiu and the other two. Some disciples said that they had met Yun Chujiu. Yun Chujiu said that she was chased by the Heavenly Gates Sect and asked them to find a place to hide, but they had not met her since.

Elder Xiao and Elder Qu immediately went to the Heavenly Gates Sect to settle scores.

The leader of the Heavenly Gates Sect was an old acquaintance—Elder Zhang. When he heard that Yun Chujiu did not exit, he could not help but laugh. "The heavens are really fair. This must be that b*tch, Yun Chujiu's retribution!"

Elder Qu was already extremely anxious. When he heard Elder Zhang say that, he immediately slapped him. If Elder Xiao still had his previous temperament, he would definitely have stopped Elder Qu.

However, ever since he had an epiphany, his temperament had become more casual. Not only did he not stop him, he even helped Elder Qu attack Elder Zhang.

Elder Zhang cursed angrily, "Xiao Panshi, Qu Buli, you two old scoundrels! How dare you fight! All of you, attack! Teach these two old scoundrels a lesson!"

Seeing this, the other elders of the Heavenly Gates Sect rushed forward. The people of the Spirit Radiance Sect naturally did not want to be outdone, so the people of both sides stood together.

In the end, it was the leading elders of the Skyblade Sect and the Bixiao Palace who stopped them. Elder Qu scolded angrily, "It must be that old bastard Du Guyi who told you to kill that Little Jiu girl in the ancient mine. Our Spirit Radiance Sect will not forgive you!"
