

## The Yun Family's Ninth Child is an Imp! Chapter 592

Su Yanran walked out of the crowd and said with a cold smile, "Elder Qu, I admit that I went after Yun Chujiu, but we didn't kill her. After entering the ancient mine for half a month, we haven't seen her, Feng Ming, and the others since.

"If you want to find their whereabouts, you might as well ask Spirit Radiance Sect's Zhuo Piaoyu and Ding Lang. The hatred between the two of them and Yun Chujiu is even greater. The relationship between your disciples is really interesting."

After Elder Qu heard Su Yanran's words, he subconsciously turned around to look at Zhuo Piaoyu and Ding Lang. He saw that the two of them were avoiding his gaze. It was obvious that they were hiding something from him with their previous answers. He was instantly so angry that he gritted his teeth.

"No matter what, the Heavenly Gates Sect openly went after our Spirit Radiance Sect's disciples in the ancient mine. Our sect will not just suck it up. If Heavenly Gates Sect doesn't give us an explanation, then we will cut off the earth fire supply," Elder Qu said furiously.

Elder Zhang sneered, "Su Yanran made it very clear that Yun Chujiu and the others weren't killed by our disciples. This was caused by the infighting among your disciples. What does that have to do with us? If you really want to add fuel to fire, then why don't you wait for our Sect Master Du to negotiate with Sect Master Xuanyuan! Let's go!"

After Elder Zhang finished speaking, he led the people of the Heavenly Gates Sect away. Although Su Yanran felt a little regretful that she did not kill Yun Chujiu with her own hands, Yun Chujiu was not ejected from the trial, so she must have died inside. It was truly retribution.

The people of the Skyblade Sect and Bixiao Palace advised Elder Xiao and Elder Qu a few words before they left the ancient mine with their respective disciples.

Elder Qu ordered the people of the Spirit Radiance Sect to set up camp and interrogate Ding Lang and Zhuo Piaoyu individually.

The two of them insisted that Su Yanran was trying to sow discord, and the reason why the two of them looked so anxious was because they were worried about the safety of Yun Chujiu and the others.

Elder Qu could not help but sneer. After imprisoning the two of them and sending someone to watch over them, he then interrogated Wu Yanyu, Lu Shi, and the other three disciples individually.

Wu Yanyu was timid and thought that she had the least responsibility, so she told them everything. Lu Shi and the other three disciples also could not resist Elder Xiao's pressure and told them the truth.

"What? Zhuo Piaoyu and Ding Lang actually did such a vicious thing? They actually forced Little Jiu to commit suicide to save their own lives?!" Elder Qu was so angry that his beard was standing on its end.

Elder Xiao and the others were also shocked!

Zhuo Piaoyu had always had a good reputation among the younger generation of disciples. Not only was she good-looking, but she was also kind and generous. No one would say that she was good, but they did not expect that she would do such a vicious thing.

Although they were a little shocked, Su Yanran was not the only one who said so. Even Wu Yanyu and the others had confessed, so it must be true!

Elder Qu immediately ordered the disciples to bring Zhuo Piaoyu and Ding Lang up. The two of them originally wanted to quibble, but when they saw Wu Yanyu and the others, they knew that the matter must have been exposed.

Zhuo Piaoyu glared at Wu Yanyu viciously. Slut. She did not expect that Zhuo Piaoyu, who was usually obedient to her, would betray her at such a critical moment. Sooner or later, she would kill this slut!

Wu Yanyu was so frightened by Zhuo Piaoyu's vicious gaze that she trembled. However, compared to the punishment given by the sect, she would rather offend Zhuo Piaoyu. Betraying a fellow disciple was a huge crime, and Zhuo Piaoyu was definitely going to suffer this time.

"Wu Yanyu, Lu Shi, and the others have already told the truth about what happened. What else do the two of you have to say?" Elder Xiao's face was as dark as coal as he asked sternly.
