

## The Yun Family's Ninth Child is an Imp! Chapter 598

Feng Ming and the other two were shocked. They turned around and saw ten Tier Eight single-horned demon lizards quickly climbing down from the stone wall!

Previously, when they encountered demonic beasts that they could not defeat, they relied on climbing to the top of the mountain to escape. This time, they could not do it! The single-horned demon lizards were best at climbing, so they could only run toward the direction of the cave.

Yun Chujiu recalled the single-horned demon lizards that she had encountered in the Great Void Mystic Realm previously. She had expended a lot of effort and had only managed to kill them with great difficulty. Although her spiritual power had increased this time, she would still be risking her life. If there were four lizards, they could still deal with it, but there was no chance of winning if there were ten of them.

"F\*ck! Why are there a group of single-horned devil lizards targeting us? What bad luck!" Yun Chujiu mumbled as she ran.

"Junior Sister Little Jiu, don't worry about how they are targeting us now. Let's think of a way to escape first! They are too fast. We will be caught by them before we can even reach the cave," Shi Xuan said anxiously.

Yun Chujiu remembered that when she was in the desert, she used the corpses of other demonic beasts to escape. Therefore, she kept throwing the corpses of the Mine wolves out of her storage ring. She wanted to delay the speed of these single-horned demon lizards. 'As long as they stop, we can run back to the cave.'

Who would have thought that these single-horned demon lizards were much smarter than the ones they met in the desert. They left two single-horned demon lizards to guard the corpses of the wolves while the other eight continued to pursue Yun Chujiu and the other three.

“Damn it! They are too smart! We can’t even defeat eight of them! I’ll scare them with the heavenly thunder first. You guys go ahead. I’m faster than you guys, so I can catch up later,” Yun Chujiu said to Feng Ming and the other two.

Feng Ming and the other two were indeed not as fast as Yun Chujiu. They felt that what Yun Chujiu said made sense. After instructing her to be careful, they quickly ran forward.

“Hey! You stinking reptiles, look at my Little Jiu Thunderbolts!” Yun Chujiu waved her left and right hands repeatedly. Streaks of purple lightning struck at the single-horned demon lizard that was crawling toward her.

The single-horned demon lizard was stretching its huge tongue toward Yun Chujiu. When it was struck by the lightning, a burnt smell immediately wafted through the air. The single-horned demon lizard screamed in pain.

Yun Chujiu’s heart was filled with joy. It seemed that her Little Jiu Thunderbolts had improved quite a lot! The last time when it was struck in the desert, the single-horned demon lizard did not have such a strong reaction.

The eight single-horned demon lizards were momentarily stunned!

How could a human strike lightning? Or even purple heavenly lightning bolts?

Yun Chujiu took advantage of the moment when they were stunned and ran all the way to catch up with Feng Ming and the others.

The eight single-horned demon lizards quickly regained their senses and continued to chase after Yun Chujiu and the others. The single-horned demon lizard that had its tongue cut by Yun Chujiu charged like crazy.

Seeing that the distance had shrunk again, Yun Chujiu used the same trick again. She stopped and struck the single-horned demon lizards that were charging at the front with lightning.

However, this time, the lizards have gained experience and stopped attacking with its tongue. Yun Chujiu's lightning struck the single-horned demon lizard's hard exterior. Although it was in pain, it did not cause any substantial damage.

The single-horned demon lizard's eyes were filled with a fierce light. It used its huge tail to lash at Yun Chujiu. Yun Chujiu hurriedly dodged and did not dare to continue fighting. She continued to run forward.

On the third time, when Yun Chujiu still wanted to stall for time, the eight single-horned demon lizards no longer feared Yun Chujiu's purple lightning. They all rushed toward Yun Chujiu.

Fortunately, Little Black used a curse to make the single-horned demon lizard at the front stagger, and Yun Chujiu was able to escape.
