

The Yun Family's Ninth Child is an Imp! Chapter 599

The distance between the eight single-horned demon lizards and the four of them was getting closer and closer. Yun Chujiu could no longer delay any longer, and the four of them could only run as fast as they could.

“Master, use my sticky silk net. Unfortunately, it was broken last time, so I only repaired one.” The ball of wool handed Yun Chujiu a sticky silk net.

Yun Chujiu threw it at the foot of the single-horned demon lizard that was running at the front. As expected, the single-horned demon lizard was trapped by the sticky silk.

Yun Chujiu said to the ball of yarn, “Ball of yarn, quickly lend your six-piece wool set to me! I will not mistreat you!”

Although the ball of yarn could not bear to part with it, it knew that it was in great danger at the moment, so it gave its six-piece wool set to Yun Chujiu.

Yun Chujiu threw the six-piece wool set at the feet of the single-horned demon lizards. The wool set was made according to the size of the ball of yarn, so it was much smaller than the sticky silk net. It could not completely trap the single-horned demon lizard, but it could delay time. Yun Chujiu and the other three finally escaped into the cave.

As soon as they entered the cave, the four of them collapsed on the ground. Running like this was simply killing them!

Before they could catch their breath, they realized that there was a sound coming from underground!

“Not good! They are digging a hole! They must be trying to crawl in from underground to eat us!” Shi Xuan said in fear.

“The single-horned demon lizards are digging very fast. We have to think of a way quickly. Otherwise, if we are trapped inside, it would be like turtles caught in a jar. They could shut the door and beat the dog [1].”

Normally, everyone would laugh at Feng Ming’s inappropriate words. However, they were not in the mood at the moment. Feng Ming was right. Once the horned demon lizard crawled in, they would really be caught like a turtle in a jar.

Yun Chujiu was also at her wit’s end. She had used all the moves she had. Could it be that the end of four of them would be to be eaten by the horned demon lizard? That would be too f*cking depressing!

Before they could come to a conclusion, the soil under their feet started to swell up!

The four of them thought that there must be a single-horned demon lizard guarding outside, so they could only brace themselves and continue running into the cave. At least the space inside the cave was relatively spacious, so there was still room for them to dodge when they fought.

The four of them ran for a while and finally arrived at the deepest part of the cave. They did not have time to catch their breath and quickly discussed their countermeasures.

Yun Chujiu gritted her teeth and said, “We can only do this now. There must be a sequence for the horned devil lizards that appear from the ground. The four of us will concentrate our spiritual power to attack the first horned devil lizards to be unearthed, killing them one by one.”

Feng Ming did not have any other good ideas and could only follow Yun Chujiu’s plan. However, this was a desperate solution. At most, they could kill one horned devil lizard, and the rest of the horned devil lizards would crawl out from the soil, when the time came, he still would not be able to defeat them.

At that moment, Little Black said to Yun Chujiu, “Master, let me out. I will lead you to a place where these single-horned devil lizards can’t enter.”

At that moment, Little Black Rat's voice was like the sound of nature to Yun Chujiu!

Yun Chujiu quickly brought the black rat out and then signaled Feng Ming and the other two to follow it, "Mickey Mouse, I take back what I said before. You're not a giant rat, you're my life-saving rat! In the future, I definitely won't mistreat you!"

The little black rat brought the four of them straight to the center of the pit and used its claws to pull apart the stones on top. Inside, there was actually an exquisite carving with a lotus flower pattern. Little Black Rat bit its front claw open, it dripped its blood onto the heart of a lotus flower.

Yun Chujiu and the other three only felt a white light flash before their eyes. When they opened their eyes again, they were instantly stunned by the scene before them.
