

## The Yun Family's Ninth Child is an Imp! Chapter 607

This time, Yun Chujiu kept her word. After eating breakfast, she obediently meditated and cultivated. Di Beiming was very satisfied. He thought to himself, finally, Black Thing is sensible.

Two days later, the two flying spirit tools arrived at the Linghua sect at the same time.

Yun Chujiu was surprised to find that An Feng was actually chatting and laughing with Feng Ming and the other two. They were very intimate, so she asked An Feng what was going on.

It turned out that Di Beiming was in a hurry to spend time with Yun Chujiu, so he hurriedly brought Yun Chujiu onto the flying spirit tool and flew away.

The miserable An Feng could only follow elder Qu and the others onto the flying spirit tool of the Linghua sect. An Feng and the other two were bored, so they brought An Feng along and ran away as fast as they could.

An Feng had seen Di Beiming play landlord many times, but he had never played solitaire himself. He became addicted to it, so he naturally became familiar with Feng Ming and the other two.

The first thing everyone did when they arrived at the Linghua sect was to see Master Xuanyuan. After receiving the news, Master Xuanyuan had already gathered the five peak masters and the elders to wait for everyone.

After seeing Master Xuanyuan, Yun Chujiu told them everything, then, she asked, "Master Xuanyuan, not only did Zhuo Piaoyu, Ding Lang, and the others threaten their fellow disciples at a critical moment, they also deliberately poisoned me. Fortunately, I was quick-witted and found some clues. I've been keeping this highly toxic food."

After Yun Chujiu finished speaking, she took out the toxic food that Zhuo Piaoyu had given her from her storage ring. Elder Qi took it and sniffed it, immediately, his expression changed. "There was a Poison

Flame pill in this. The Poison Flame pill is very toxic. If Little Jiu had eaten a bit of it back then, she would have died on the spot! These Poison Flame pills must have been refined by that evil disciple of Ding Lang. What a beast!"

Peak Master Yuan sat at the side with a livid expression. He had originally thought that Zhuo Piaoyu had only betrayed her fellow disciples at a critical moment. He had never thought that she would have such vicious intentions. This was truly an unforgivable crime!

"Peak Master Yuan, Elder Qi. Zhuo Piaoyu, and Ding Lang have committed a grave mistake. What plans do you have?" Master Xuanyuan asked in a deep voice.

Elder Qi said angrily, "That Beast Ding Lang, since he has such vicious thoughts and wants to poison Little Jiu, we naturally can't let him live. Kill him!"

However, Peak Master Yuan sighed and said, "Sect leader, you also know Zhuo Piaoyu's identity. If we kill her, I'm afraid that the Zhuo family won't let it go. Why don't we cripple her cultivation and expel her from the Linghua Sect? Little Jiu, although it's not very fair to deal with her like this, I watched her grow up with my own eyes. I really can't bear to kill her like this. Moreover, she still has the Zhuo family behind her. If we really kill her, I'm afraid that it will make things worse."

Yun Chujiu was a little displeased. What do you mean you can't bear to do this?! Could it be that you can bear to let her kill me?! F\*ck! There really is a difference in the way you treat people!

However, Yun Chujiu thought about it. To a fake white lotus like Zhuo Piaoyu, crippling her cultivation and being chased out of the Linghua sect would probably make her wish she was dead. That outcome was not so bad either.

Thus, Yun Chujiu said with a smile, "I have no objections. You guys can decide."

Seeing how Sensible Yun Chujiu was, Peak Master Yuan felt even more guilty. "Little Jiu, I've let you down in this matter. You can keep these defensive spirit tools."

Yun Chujiu pretended to shirk for a moment, but she had already begun put the items into her storage ring. She felt a little more at ease.

After everyone's discussion was settled, Master Xuanyuan ordered someone to bring Zhuo Piaoyu and the others up.
