

The Yun Family's Ninth Child is an Imp! Chapter 61

At first, Yun Chuyi refused to leave. He was worried about leaving Yun Chujiu alone here, so she blinked at him.

On second thought, Yun Chuyi realized that the spiritual power of his people was low, so there was nothing they could do here. If he went back and reported this to his grandfather, perhaps his grandfather would have a way to save Xiaojiu.

Yun Chuyi then left with the Yun family.

Yun Chujiu heaved a sigh of relief. 'My cheap grandfather thought that I had a master, so he probably wouldn't act rashly. At least for the time being, the Yun family wouldn't be in danger. Next, not only do I have to think of a way to escape, but I also have to think of a way to prevent future troubles.'

Seeing that the people from the Yun family had left, Elder Su said to the people from the Luoyun Sect, "Let's go. We're going to collect the Wormwood."

Everyone from the Drifting Cloud Sect led Yun Chujiu deeper into the Demonic Beast Forest. Bai Moyu's heart stirred. "Elder Su, let us follow you. Although our spiritual power is low, we can still do some miscellaneous things."

Elder Su pondered for a moment before saying, "Come along. We'll be responsible for our own lives!"

Bai Moyu's face lit up as he led the Bai family over.

Although Yun Chujiu was anxious in her heart, she looked entirely innocent. One moment she was picking wild fruits to eat, and the next moment she was surprised and curious about plants she had never seen before.

The more she said this, the more Elder Su believed her words. If not for her confidence, how could a little girl have such strong willpower?!

Therefore, Elder Su was still polite to Yun Chujiu and let her jump around.

Bai Morou was so angry that her nose was almost crooked! Was Su Yanran's aunt stupid? Yun Chujiu was obviously lying, and she actually believed her? How stupid!

Su Yanran also did not believe Yun Chujiu's words. I can't even enter a super sect like the Linghua Sect with such good qualifications. How could a useless Yun Chujiu be chosen by an elder of the Linghua Sect?!

Although they encountered a few tier-2 or even tier-3 beasts along the way, the weakest among the Drifting Cloud Sect disciples was at the sixth level of spirit enhancement. Considering how many of them there were, it didn't take much effort to get rid of them.

Soon, they reached the first layer of the Demonic Beast Forest. Only then did they truly enter the Demonic Beast Forest. The previous part was merely the outer layer of the Demonic Beast Forest.

The Wormwood was a middle-grade Yellow Grade spirit medicine. Although its grade wasn't high, there were often accompanying beasts around it—Green Giant-Beaked Jay.

The Green Giant-Beaked Jay was a tier-three demonic beast. Not only could they shoot out wind blades, but they would also use their huge beaks and sharp claws to attack people if they were provoked.

Green Giant-Beaked Jays lived in groups. Their nest was on a tree near the green feather artemisia plant, so it would take some effort to pluck it.

The corners of Elder Su's lips curled into a cold smile. "Bai Moyu, get your men to provoke the Green Giant-Beaked Jay and bring them somewhere further away."

The faces of the Bai Clan's people turned pale. The Green Giant-Beaked Jay was a tier-three demonic beast, and there were so many of them. If we went to provoke them, would we still have a chance to live?

The Bai family looked pleadingly at Bai Moyu, hoping that he would reject them.

Bai Moyu hesitated for a moment. "Elder Su, the spiritual power of the people I brought is weak. This..."

Elder Su harrumphed coldly. "If you are unwilling, you can leave now!"

Bai Moyu gritted his teeth. If he offended Elder Su, the Drifting Cloud Sect would definitely not be able to enter.

"Go ahead! Don't worry. If you survive, our Bai family will not mistreat you. If, if you unfortunately lose your life, your family will also receive a huge compensation. If you don't go, hmph!" Bai Moyu's expression was ruthless.

Even though the Bai Family's people were angry and hateful, they didn't have the strength to resist. They could only grit their teeth and anger those Green Giant-Beaked Jays.

After the Green Giant-Beaked Jays were lured away, the people from the Drifting Cloud Sect began to quickly pick the Wormwood.

Yun Chujiu had also thought of doing something to kill all these people with the help of the Green Giant-Beaked Jay, but after thinking about it, she felt that it was inappropriate. Firstly, she was not completely confident that she could escape. Secondly, even if these people were dead, the Su Family and the Drifting Cloud Sect would definitely investigate, and the Yun Family would still be unlucky. She nodded.
