

The Yun Family's Ninth Child is an Imp! Chapter 616

Yun Chujiu's hands trembled as she reached under Chun Yu's nose. To her surprise, she was still breathing weakly. On the other side, Gold Face also cried out in surprise, "Miss Jiu, Housekeeper Ji is still alive!"

It turned out that the murderers did not pay attention to Chun Yu and Housekeeper Ji because their spiritual power was too low. Therefore, they did not attack them, and hence why they survived.

Yun Chujiu hurriedly took out a few Heaven-grade blood coagulation pills from her storage ring and fed them to Chun Yu and Housekeeper Ji. When the pills entered their stomach, it immediately took effect.

Seeing that Chun Yu and Housekeeper Ji's condition had improved a lot, Yun Chujiu finally felt a little better. She took out the letter and read it carefully.

Yun Chujiu carefully thought through all the people she had offended. There were only two people who hated her and had the ability to do such a thing. One was that old b*stard Du Guyi, and the other was Zhuo Piaoyu, who had been expelled from the Spirit Radiance Sect a few days ago.

However, Eagle Slope and Heavenly Gates Sect were in two different directions, and they were very close to Luoyu City where the Zhuo family was located. Could it really be the work of that two-faced b*itch, Zhuo Piaoyu?

"Gold Face, how is the strength of the Zhuo Family?" Yun Chujiu asked An Feng, who had been discreet this whole time, riding a sword.

"The Zhuo family is equivalent to a medium-sized sect. The head of the family, Zhuo Dejun, is at the third level of the Spirit Emperor realm, and Zhuo Piaoyu's father, Zhuo Ping, is at the eighth level of the Spirit Cultivator realm. The other five elders are basically at the first to second level of the Spirit Emperor realm. There are more than ten people at the seventh level of the Spirit Cultivator realm and above." Gold Face knew these big and small forces like the back of his hand.

“What about the strength of those people last night?”

“I am at the seventh level of the Spirit Cultivator realm. Most of those people have the same level of spiritual power as me. There were also three people who were of higher levels than me. They should be at the level of the Spirit Emperor realm.” Gold Face recalled for a while and said.

Yun Chujiu’s eyes deepened. According to what Gold Face said, it seemed that there was an 80% to 90% chance that it was the Zhuo family. Zhuo Piaoyu, who would have thought that she would be soft-hearted for a moment and let Peak Master Yuan off. However, she had harmed the Yun family and League of Assassins. Since that was the case, let the entire Zhuo family be buried with you!

Yun Chujiu said to Gold Face, “Big Brother Gold Face, I’ll leave Housekeeper Ji and Chun Yu to you. I’m afraid it’s not safe here for the time being. Find another place to stay and wait for my news. Also, Big Brother Gold Face, put away the bodies of these guards first. When the matter is over, I’ll find a place with good Feng shui and bury them.”

“Miss Jiu, you won’t really go alone, right? T-This is too dangerous!” Gold Face advised.

Yun Chujiu said lightly, “You guys are the League of Assassins, and yet I dared to barge in alone. Moreover, they said that I can’t bring anyone with me. If I do, I’m afraid they will really kill my grandfather. I have to go alone. Don’t worry, I have a countermeasure.”

Seeing that Yun Chujiu was so insistent, Gold Face could not persuade her anymore. He told Yun Chujiu to be careful. After Yun Chujiu agreed, she went straight to Eagle Slope.

Yun Chujiu had never been to Eagle Slope before. However, Feng Ming had given her a jade slip with a map of the Qingxuan continent a few days ago. Yun Chujiu followed the map and rode on the chopping board toward the slope.

The Eagle Slope was about six hours away from Spirit Radiance City. After six hours, Yun Chujiu arrived at the slope.

From afar, she could see Yun Xiaotian hanging from a tree. His body was covered in blood, and a woman was whipping him non-stop.

Yun Chujiu recognized the woman from behind. It was Zhuo Piaoyu, who had been stripped of her cultivation and expelled from the Spirit Radiance Sect.

Yun Chujiu's eyes were red as she shouted, "Zhuo Piaoyu, stop!"
