

The Yun Family's Ninth Child is an Imp! Chapter 619

The other two elders and members of the Zhuo family were also flustered. Their attacks were basically useless against the Mighty Elephants. However, when the Mighty Elephants swung their noses, they could send people flying and stomp them into meat paste.

When they heard Zhuo Piaoyu's words, they immediately had the intention to retreat. Their strength was slightly weaker to begin with. Now that one of them had died, it was even more impossible for them to defeat these five Mighty Elephants. It was better to go back to their own home and get reinforcements.

Seeing that they were going to escape, how could Yun Chujiu just let them go? She suddenly leaped forward and ran straight toward the panic-stricken Zhuo Piaoyu.

Originally, Zhuo Piaoyu had a few Zhuo family disciples protecting her, so Yun Chujiu was unable to make a move. Now that Zhuo Piaoyu had shouted, everyone started to panic, giving Yun Chujiu an opportunity to take advantage of.

Zhuo Piaoyu already had no spiritual power, so how could she be Yun Chujiu's opponent? Yun Chujiu grabbed her by the neck.

"Stop right now, or I'll kill Zhuo Piaoyu!" Yun Chujiu shouted at the Zhuo family members.

The two elders hesitated for a moment, then looked at each other and said to the Zhuo family members, "Let's go back to our family first. Let's go!"

Yun Chujiu was stunned. This Zhuo family really shared common characteristics—they were all selfish people!

The Zhuo family members rode their swords and flew up. No matter how powerful the Mighty Elephants were, they could not fly. Yun Chujiu could only watch them escape. If they returned to the Zhuo family, it would be even harder for her to destroy the Zhuo family that day.

At that moment, a white figure appeared in the sky. With a wave of his sleeves, everyone from the Zhuo family who had just flown into the sky fell down like dumplings. The huge hooves of the five Mighty Elephants immediately stepped on them. In an instant, everyone from the Zhuo family died.

When Yun Chujiu saw who it was, she was both surprised and angry. She even felt a little wronged. She said fiercely, "Who needs your hypocritical help?! I can kill them all by myself!"

Di Beiming sighed. "Little Jiu, I had important business to attend to. If you don't let go of Zhuo Piaoyu, she will soon be strangled to death by you."

Only then did Yun Chujiu realize that she had concentrated all her hatred toward Di Beiming in her hands. Zhuo Piaoyu's face was purple from her strangling and was about to die.

Yun Chujiu quickly let go and Zhuo Piaoyu collapsed on the ground like a pile of mud.

Yun Chujiu took out a large kitchen knife and pressed it against Zhuo Piaoyu's face, "Zhuo Piaoyu, you didn't expect that the Zhuo family would be as selfish as you, did you? At the most crucial moment, they didn't care about you at all. Tell me, who is the person who can help you recover your cultivation base? Why did he want to kill me?"

Zhuo Piaoyu was already in despair. She knew that she would not be able to live, and did not expect that she would end up like this. That Young Master Di's cultivation base was so terrifying. The Zhuo family would probably be destroyed in an instant.

Zhuo Piaoyu laughed maniacally, "Yun Chujiu, I won't tell you. I'll make you live in fear forever. Your Yun family will be implicated by you until they die without a complete corpse! I'll make you suffer forever. That person will definitely kill you! You won't be able to escape!"

Before Yun Chujiu could react, Zhuo Piaoyu pounced on the kitchen knife and died just like that.

Yun Chujiu stomped her feet in anger. She never expected Zhuo Piaoyu to be so afraid of death. This time, she actually took the initiative to die.

Yun Chujiu gritted her teeth and stood up. She stored Zhuo Piaoyu's body into her storage ring. Then, she called the five Mighty Elephants into her Spirit Beast Pouch. She sat on the chopping board and headed straight for Luoyu City.

Di Beiming rubbed his nose and followed behind Yun Chujiu on his sword.
