

The Yun Family's Ninth Child is an Imp! Chapter 64

"Spirit Radiance Sect? Oh my god, is it the Spirit Radiance Sect of the number one sect in the world? In the eyes of us mortals, you are immortals!" Yun Chujiu's little face showed appropriate surprise, admiration, and envy!

The people inside the air-transportation spiritual tool subconsciously straightened their backs, feeling extremely comfortable. This little black girl really knew how to talk.

The square-faced old man laughed loudly. "You sure know how to talk!"

"Immortal Elder, what I said came from the bottom of my heart! The Spirit Radiance Sect is an unreachable land of immortal sects in my heart. If I can enter the Spirit Radiance Sect, even if I have to be a fire-burning girl, I will thank my ancestors!" Yun Chujiu's eyes were bright, as if this was her biggest dream in her life.

"Mountain Master, why don't we just bring this little girl back to the sect? What a pitiful story!" A fat old man said with a muffled voice.

Yun Chujiu was delighted. Oh my, Grandpa Fatty, I really love you to death. I will remember this favor. I will repay it double in the future.

Yun Chujiu's face burst into a dazzling light, and she said in surprise, "Thank you, Mountain Master, thank you, Immortals. When I come to the Spirit Radiance Sect, I will definitely do my duty, be conscientious, be willing to do anything, be meticulous, diligent, and bury my head in hard work. I will make the little fire-burning girl my lifelong career!"

The more Yun Chujiu spoke, the more excited she became. She couldn't help but tear up. "Boohoo, I thought that I could only be a good-for-nothing for the rest of my life. I didn't expect that I would benefit from a disaster today and meet all the Immortal Elders. Please accept my bow."

Yun Chujiu said and was about to kneel on the ground. The square-faced old man raised his hand, and Yun Chujiu felt a strong force holding her. This fellow didn't want to kneel, but he said, "Immortal, let me kneel. When I meet you, I will be reborn, and you will be my saviors!"

It was obvious that these people had never encountered such thick-skinned people who followed the example of a stick. For a moment, the air-transportation Spirit Tool fell silent.

Yun Chujiu was afraid that things would change, so she quickly said, "Immortals, do you despise me for being a piece of trash that can't cultivate? Boohoo, forget it. In that case, you don't have to be troubled. Just pretend that I didn't say anything just now."

Yun Chujiu's little face suddenly turned from blooming flowers to withering, as if she had lost her life.

The fat old man could not take it anymore. "Mountain Master, look at how pitiful this little girl is. We might as well bring her back!"

The square-faced elder sighed. "Elder Sun, it's not like you don't know. Even a servant has to pass the three tests of our sect. This little girl doesn't have any spirit energy at all and can't pass the test at all."

"This..." The fat old man scratched his head. "Little girl, Mountain Master is right. I forgot the rules set by those old things."

How could Yun Chujiu give up so easily? She wiped her tears with her sleeve and said stubbornly, "As long as there is a trace of hope, I will try my best. Please give me a chance to participate in the assessment."

Everyone could not help but look at the little girl in front of them again. Previously, they had only felt pity for her, but now, they liked her a little more. With such a tenacious personality, she was definitely a good seedling for cultivation. Unfortunately, she was a child who could not cultivate.

“What’s so difficult about that?! Little girl, when the time comes, just take my token and participate in the assessment! If you really pass the assessment, come to our Middle Peak. I will protect you!” The fat old man took out a token and handed it to Yun Chujiu.

Yun Chujiu was overjoyed. Whether she could pass the test or not, with this token, she could at least fool Elder Su. That was great!
