

The Yun Family's Ninth Child is an Imp! Chapter 645

Master Xuanyuan smiled. "Master Du, the victim of this matter is Yun Chujiu, so Yun Chujiu's opinion represents the opinion of our Spirit Radiance Sect."

Du Guyi was so angry that he almost choked and fainted. Why did this old man Xuanyuan place so much importance on Yun Chujiu? Oh right! This stinky girl Yun Chujiu actually had the Heavenly Thunder Root Spirit. This stinky girl hid it well enough. If it were not for this ancient mine trial, they would not have known that she actually had Heavenly Thunder Root Spirit.

Du Guyi could only look at Yun Chujiu once again, and squeezed out a smile as he said, "Little girl, what happened before was all a misunderstanding. Our four great sects are all of one spirit and branch. Don't be too ruthless in doing things, so that we won't meet each other in the future."

"Sect leader Du Guyi, what you said does make some sense. Then let's leave it at one-tenth. I'm just too soft-hearted and can't stand to see an old man cry."

The corner of Du Guyi's eyes twitched. 'You're really shameless!

'Then why are you soft-hearted? That black heart of yours is even harder than a rock!

'Moreover, which eye of yours saw me cry?

'Stinky girl! Sooner or later, I'll kill you!'

"Little girl, this ten percent is really too much. Let's make it ten million low-grade Spirit Stones!" Although Du Guyi hated her to death in his heart, he still forced a smile on his face. He was so depressed that he wanted to vomit blood.

“Ten million? Are you trying to send a beggar away?! Is my life only worth this little money? If it wasn’t for my quick escape, I would’ve died long ago! One-tenth of the Spirit Stones, or else there’s no need to discuss! Anyway, we don’t have to worry about selling our earth fire. It’s good that your Heavenly Gates Sect doesn’t buy it.” Yun Chujiu was as arrogant as she could be.

When Du Guyi saw that Yun Chujiu was unmoved, his expression turned ugly once again. He turned to look at Master Xuanyuan. “Master Xuanyuan, you’re not going to let a little girl mess around, are you?”

Master Xuanyuan smiled faintly. “Du Guyi, your sect’s attitude last time was much worse than this. If it wasn’t for our Spirit Radiance Sect receiving heaven’s gift, I’m afraid that we would’ve paid more than one-tenth of the Spirit Stones, right?!”

Du Guyi’s old face could not hold it in any longer. He said angrily, “That was then and now. Moreover, Yun Chujiu is still alive and kicking. There’s nothing wrong with her at all. Your Spirit Radiance Sect is going too far with this!”

“Du Guyi, according to what you said, is it our fault that Yun Chujiu is not dead? Your Heavenly Gates Sect openly besieged our Spirit Radiance Sect’s disciples, and you still have the nerve to say that we’re going too far? Du Guyi, we don’t need to discuss anymore. See our guests out!” Master Xuanyuan’s face was as dark as tar. Obviously, he was really angry.

The elders behind Du Guyi and the elders of the Spirit Radiance Sect began to reconcile, saying things like “Let’s talk things over” and so on, Elder Qu said, “Two sect leaders, calm down. The bigger picture is more important. If there’s anything, we can discuss it. Let’s see if there’s any flexible method.”

Yun Chujiu stomped her feet and said, “Flexible? Other than the Spirit Stones, nothing else is useful! I want the Spirit Stones!”

Elder Qu glared at her. “Enough! The sect leader is really too indulgent with you! The sect leader will make the decision on this matter. Stay obediently.”

Hearing Elder Qu's words, Yun Chujiu could only purse her lips and remain silent.

Du Guyi naturally did not want to return empty-handed, so he looked at Elder Qu. "Elder Qu, do you have any good suggestions?"

Master Xuanyuan also asked, "Elder Qu, if you have something to say, feel free to say it."

Elder Qu smiled and said, "Sect master, I remember that you once said that if any sect was able to give us a fragment of the great Void Mirror, they would receive a twenty percent discount. If the Heavenly Gates Sect were to give us that, would they be able to turn this matter over?"

"No!" Without waiting for Master Xuanyuan to speak, Yun Chujiu shouted with her hands on her hips, "That damn thing can't be eaten or drunk! How can it be equal to Spirit Stones?!"
