

The Yun Family's Ninth Child is an Imp! Chapter 646

Master Xuanyuan waved his hand at Yun Chujiu as if he was hesitating.

Du Guyi and the elders of the Heavenly Gates Sect looked at each other. Compared to one-tenth of the Spirit Stones, it was obviously more advantageous to hand over the fragment of the great Void Mirror.

Moreover, the Great Void Mystic Realm had already disappeared, so this fragment of the great Void Mirror was completely useless. Just by looking at the fragment, one could infer that the great Void Mirror was very huge. Even if the Spirit Radiance Sect obtained the fragment, they would not be able to find the main body of the great Void Mirror, so there was no harm in giving it to them.

“Master Xuanyuan, what Elder Qu said makes sense. Our Heavenly Gates Sect can use the fragment of the great Void Mirror to express our apology! The fragment of the great Void Mirror is a fragment of an ancient divine weapon, so it’s better than the Spirit Stones, right?” Du Guyi said to Master Xuanyuan.

When Yun Chujiu heard this, she was instantly unhappy. She ran out from behind Elder Qu and shouted, “No! I don’t agree! I’m the victim here. I want Spirit Stones, I don’t want any bullsh*t fragment of the great Void Mirror!”

The face of the sect master standing behind Master Xuanyuan darkened slightly. “Yun Chujiu, don’t be impudent! Step back!”

Yun Chujiu glared fiercely at Du Guyi and retreated unwillingly behind Elder Qu. Yun Chujiu had an unwilling look on her face and wanted to say something. However, after being glared at by Elder Qu, she finally calmed down.

Du Guyi pursed his lips and thought to himself, ‘No matter how much the Spirit Radiance Sect pampers you, for the sake of the harmony of the four sects, they won’t completely let you do whatever you want. However, this little girl has a lot of bad ideas. I’d better hurry up and settle this matter so that there won’t be any more problems.’

When Du Guyi thought of this, he immediately took out the fragment of the great Void Mirror and said, "Master Xuanyuan, since that's the case, I'll leave this fragment of the great Void Mirror to your Spirit Radiance Sect. Let's put the matter of the ancient mine trial behind us. I wonder if our earth fire supply can immediately be restored?"

Master Xuanyuan kept the fragment of the great Void Mirror. He nodded his head and said, "Since Master Du has already expressed his apology, let's put this matter behind us! If your sect does something similar in the future, Don't blame us for being merciless! Tomorrow morning, we'll restore your sect's earth fire supply."

When Du Guyi heard that Master Xuanyuan had relented, the weight in his heart was finally lifted. When Du Guyi saw that the matter had already been resolved, he did not have the mood to exchange pleasantries. After saying a few words, he left with his people.

Du Guyi had just left when Yun Chujiu, this fellow, no longer had the unwilling look from before. She smiled and said to Master Xuanyuan, "Master Xuanyuan, your acting is really great! Quickly give me the fragment of the great Void Mirror!"

Master Xuanyuan did not tease her and gave her the fragment of the great Void Mirror immediately. Yun Chujiu took it and happily put it into her storage ring. She kept thanking everyone, "Thank you, everyone. If it weren't for everyone working together, that old bastard Du Guyi wouldn't have easily given us the fragment of the great Void Mirror. This old bastard must have thought that he took advantage of me! HMPH!"

Elder Qu curiously asked Yun Chujiu, "Little Jiu, what do you want this fragment of the great Void Mirror for?"

"Of course it's useful. Buddha said that it can't be exposed! If there's a chance, I still need to get the two pieces from the Skyblade Sect and Bixiao Palace out as well," Yun Chujiu said with a smile.

Seeing that Yun Chujiu was not willing to say anything more, Elder Qu did not continue asking. Yun Chujiu was very glad that it was just Spirit Radiance Sect. If it was another sect, they would have forced her to speak, even if she did not want to tell.

Yun Chujiu could not wait to return and “feed” the great Void Mirror, so after saying a few words, she hurriedly sat on the chopping board and flew back to the dormitory.
