

The Yun Family's Ninth Child is an Imp! Chapter 652

Yun Chujiu said timidly, "Then, can you return those ores to me? We dug them out with great difficulty!"

"Cut the crap, lead the way!"

The leader of the men in black was so angry that he was amused. Return them to you?! Was this little girl stupid?!

Yun Chujiu pouted and led the way slowly. At this moment, her heart was broken. Damn it, why am I so unlucky? Every time I think I can move on, I will meet people who want to kill me. Am I that unlikable?

These twelve men in black should all have spiritual power at the level of a Spiritual Emperor. Even if I release the Mighty Elephant, I am still not their match. Should I use the concealment talisman?

Just as Yun Chujiu was hesitating, the leader of the men in black sneered at Yun Chujiu and said, "Little girl, don't try to play any tricks. Even if you have the concealment talisman, you can not escape from our hands. We have the concealment formation plate in our hands."

"Senior, why should I escape? After we find the vein, won't you let us go?" Yun Chujiu blinked her eyes and asked in confusion.

"Humph! At least you know what's good for you. Hurry up and move!" The leader of the men in black pursed his lips. Let you go? In your dreams. After you lead us to the vein, you will lose your lives.

Yun Chujiu was worried to death. She couldn't use the concealment talisman. Now, she could only buy time and wait for the small amount of spirit dispersing pills on the ores to take effect. Then, she would work with An Feng to fight, however, their chances of winning were still slim.

Therefore, to stall for time, Yun Chujiu brought the black-clothed men around aimlessly.

“Stinky Girl, why do you always bring us to the inner layer of the Demon Beast Forest? Is the mineral vein inside?” The leader of the black-clothed men asked suspiciously.

“Yes, if we were in the outer layer, wouldn’t we have been discovered long ago? We also angered a nest of mutated Red Crimson Two-Tailed Foxes, and we discovered the mineral vein when we were running for our lives.”

“Mutated Crimson Flame Two-Tailed Foxes?”

“That’s right. When we were picking Du Ruo grass the day before yesterday, we angered a nest of foxes. Those foxes all grew three tails. I reckon that those Crimson Flame Two-Tailed Foxes have mutated.” Yun Chujiu said with uncertainty.

“What? Three tails? Isn’t that an exotic beast, Flaming Three-Tailed Fox? Where did you guys see it?” The leader of the black-clothed men revealed a greedy look in his eyes.

The Flaming Three-Tailed Fox was different from the Crimson Flame Two-Tailed fox. It was an exotic beast that could continue to level up. Every time it grew a tail, the level of the exotic beast would increase by a large margin. If it grew six tails in the end, it would be an immortal beast, if it had nine tails, it would be a divine beast!

“Then, do you want to find the fox nest or the mineral vein first? They are in different directions. Besides, that Fox nest is very powerful. If we hadn’t run fast enough, we would have been burned to death!” Yun Chujiu patted her chest with lingering fear.

Feng Ming and the others’ faces were stiff. Junior Sister Little Jiu, we are completely convinced by you! Oh my god, how can you lie so naturally and convincingly? If we hadn’t been with you all this time, we would have believed that there was a nest of so-called mutated Flaming Three-Tailed Foxes!

The black-clothed men discussed for a while. Since the mineral vein was there and they couldn't escape, it was better to find the exotic beast Flaming Three-Tailed Fox first.

"Bring us to that nest of Three-Tailed Foxes first, then come back to look for the mine," The leader of the men in black said to Yun Chujiu.

"Alright, we've wasted this journey. Let's go. I'll bring you to look for the Three-Tailed Fox. However, when the time comes, you have to protect us well. That nest of foxes is not to be trifled with," Yun Chujiu said timidly.
