

## The Yun Family's Ninth Child is an Imp! Chapter 656

Just as Yun Chujiu was frowning, a Mighty Elephant gently touched her with its big trunk. Yun Chujiu looked at it in confusion.

The Mighty Elephant cried out in displeasure and dug its huge hooves into the ground. Only then did Yun Chujiu come to a realization. She had previously said that if she killed those people, she would reward them.

Yun Chujiu took out two bottles of superior grade explosive spirit pills and fed them to the five Mighty Elephants. These Mighty Elephants they were instantly dumbfounded had never eaten such a magical thing as spirit pills before!

Oh my, what exotic food is this? How did they eat it? The spiritual energy was surging into their bodies?! It felt amazing!

The five Mighty Elephants were obviously not satisfied. They whimpered at Yun Chujiu, which meant that they wanted more. Yun Chujiu was not in the mood to pay attention to them. She took out two more bottles and threw them at the elephants, then continued to think.

After the five Mighty Elephants were finished, they still wanted more. However, when they saw Yun Chujiu's frown, they could only tactfully stand by the side and not say a word.

"Stupid girl, I didn't expect that there was another person among you. We actually fell for your trick. Moreover, you did something to those ores. You're craftier than we thought! However, no matter how cunning you are, you can't escape from our grasp! I'm afraid that the Three-Tailed Fox and the Hui Cui mineral vein were all made up after all. Damned girl, prepare to die!" The leader of the black-clothed men returned with the rest of his men, moreover, it was obvious that after taking the antidote of the spirit dispersing pill, their spiritual energy had been restored.

There was nothing more to say now. At this moment, the other party was on guard. No matter what tricks Yun Chujiu had, it was of no longer any use for her.

Both sides began a chaotic battle. The black-clothed men's strength was much higher, and Yun Chujiu's side quickly fell into a disadvantageous position.

"Ah!"

After Yun Chujiu heard a scream, she turned her head and saw that Yun Chusi was sent flying by a black-clothed man's palm and crashed into a tree.

Immediately after, Yun Chuwu's arm was cut by the black-clothed man, and immediately, fresh blood soaked through her clothes. Before Yun Chujiu could recover from her shock, almost all of her people were wounded, and a few of them were lying on the ground, their fate unknown.

"Stupid girl, aren't you full of tricks?! Let's see what else you can come up with this time!" The leader of the men in Black was very pleased with himself and stepped up his attacks.

Yun Chujiu looked around. Other than her and An Feng, who could still hold on, the rest were injured, including the five Mighty Elephants, whose bodies were also covered in blood.

Yun Chujiu was angry and anxious. If she couldn't think of something soon, they would all die here!

At this moment, everyone heard the earth-shattering roars coming from the depths of the Demonic Beast Forest!

Yun Chujiu and the others or the men in black were all shocked. What was going on? The demonic beasts were rampaging?

The ground began to tremble. Clearly, a large group of demonic beasts were surging over here!

The leader of the men in Black panicked. Before the Beast Tide erupted, why did the demonic beasts suddenly start rampaging? A demonic beast stampede was not a joke. Not to mention us, even a Ninth layer of the Spirit Emperor Realm practitioner could not withstand so many demonic beasts at once.

Although he was unwilling to let Yun Chujiu and the others go, compared to his own life, killing Yun Chujiu was not that important!

Therefore, he said to the other black-robed men, "Let's retreat and come back for them later!"

The other men in Black had long lost the will to fight. Hearing his words, they quickly ran out of the monster forest.
