

## The Yun Family's Ninth Child is an Imp! Chapter 658

Yun Chujiu was so angry that she used her spiritual sense to curse at the Strange Grass. "Strange Grass! Stop! There are no enemies now, why did you summon them here?!"

The Strange Grass shook its leaf aggrievedly. It meant that it really was not its doing!

Yun Chujiu's paws went numb. F\*ck, did the Beast Tide come for real this time?

"Everyone hold on tight, don't fall off the elephants!" Yun Chujiu warned everyone loudly. She cursed in her heart. It would be great if the flying spiritual device could take off here! One day, she would develop a flying spirit tool that looked like a helicopter. The kind that could take off from a small piece of flat ground.

The Strange Grass could only disperse the demon beasts it had attracted. It had no way of dealing with these uninvited demon beasts. Now, it didn't want to show off anymore. It prayed in its heart that this wretched girl would not be killed by the demon beasts. Otherwise, its little life would be over!

A moment later, a large group of demonic beasts rushed out from the depths of the demonic beast forest.

Fortunately, the Mighty Elephant was huge. It was not at a disadvantage, but it could only run along with these demonic beasts. If it stopped there and did not move, no matter how large its body was, it would not be able to withstand the impact of the large number of demonic beasts.

Fortunately, Yun Chujiu had experienced it once before, so she was quite familiar with it. She constantly reminded the other people on the backs of the other four elephants to grab hold of them and not fall.

In the beginning, everyone was still together, but the forest of demonic beasts was full of trees. As they ran, they were scattered!

After daybreak, the wild demonic beasts retreated. An Feng and the others also met at the periphery of the forest.

Moreover, the secret guards who had rushed over from the Yun mansion had arrived, much to the group's relief. However, when they counted the number of people, they found that one person and a Mighty Elephant were missing.

Yun Chujiu and the big beast that she was on had disappeared!

An Feng immediately felt numb. It would be fine if they were missing, but where did this Miss Jiu run off to?! Could it be that she had been captured by those black-clothed people?!

An Feng's brain spun faster. Although he did not have Yun Chujiu's voice transmission talisman, Di Beiming did. Hence, An Feng hurriedly sent a voice transmission talisman to Di Beiming, asking him to contact Yun Chujiu.

A moment later, Di Beiming sent a message to An Feng. Yun Chujiu did not reply to him and ordered him to hurry up and find her.

An Feng was in a dilemma. If he withdrew his men and went to find Yun Chujiu, the rest of them would be in trouble if they encountered the men in black. However, if he went to look for her alone, how could he find her in such a huge demonic beast forest?

The four Mighty Elephants were also howling anxiously. Their companions and little elephants were still with the little girl, so they must not get into any trouble. Why was it so difficult to go home?!

Fortunately, at this time, the Spirit Radiance Sect's reinforcements had also arrived. It turned out that when An Feng had sent the message, he had asked a part of his men to come over to support him. He had also sent a secret guard to deliver the message to the Spirit Radiance Sect. Master Xuanyuan hurriedly asked Elder Xiao to bring a few elders along.

An Feng handed Feng Ming and the others over to Elder Xiao and the others. Then, he led the secret guards to search for Yun Chujiu's whereabouts.

Two hours later, An Feng found the eldest elephant, who was using its huge hooves to dig the ground!

When Eldest saw An Feng, he cried out and kept hitting the ground with his nose.

An Feng did not understand. He thought for a moment and asked tentatively, "Did Miss Jiu fall here?"

The Mighty Elephant nodded vigorously. He watched Yun Chujiu fall, but in the blink of an eye, the hole had disappeared!

It was fine if the little girl was dead, but his son was still in her spiritual beast bag!
