

The Yun Family's Ninth Child is an Imp! Chapter 663

The Flaming Three Tailed Fox King saw that Yun Chujiu's actual combat ability had improved so much, and it had a glimmer of hope that Yun Chujiu would be able to find a way out.

This little girl had a heavenly Thunder Root Spirit, and she was so smart. She would definitely be able to find a way out!

However, its hope was shattered once again.

Another month passed. Although Yun Chujiu's storage ring had more and more precious ores, and she would not be at a disadvantage even against the seven Flaming Three Tailed Foxes, she still had not found a way out.

The fox king was completely disappointed. 'Her heavenly root spirit is only so-so. HMPH! The greater the hope, the greater the disappointment. If I had known earlier, I wouldn't have had any hope for her. What a waste!'

Yun Chujiu, on the other hand, became calmer and calmer. In the end, she simply stopped looking for a way out. The Flaming Three Tailed Fox King thought to himself, looks like this little girl was prepared to give up. Then they will just follow her and wait for death, it was unknown how much food there was in this little girl's storage ring. If the food ran out, it would eat this little girl.

Although there was a slight loss of affection for their friendship in those few days, in order to survive, one could not blame the fox king for being heartless.

Two months later, Yun Chujiu stopped looking for the foxes to fight. She knew the moves of these foxes too well. There would be no more gains even if they continued fighting.

Yun Chujiu began to focus on her cultivation every day. The Flaming Three Tailed Fox King scoffed at her. 'Is this little girl crazy?! You have the heavenly Thunder Root Spirit, but there is no thunder here. What are you cultivating for?!'

This was the first time Yun Chujiu was so focused on her cultivation. She slowly converted the power of lightning from the strange grass into her own. She constantly combed the thunder spiritual force in her body, allowing it to continuously cleanse the meridians in her body.

The fox king saw Yun Chujiu cultivating every day and was as curious as a cat. 'This little girl can actually cultivate? How is this possible? This little girl is really too difficult for me to understand.'

As time passed, the lightning spiritual energy in Yun Chujiu's body quickly gathered. She felt that it was about time.

"Brother Fox, I will go to the mine in a while to break through. You guys stay far away from me to avoid getting hurt," Yun Chujiu said to the Flaming Three Tailed Fox King.

The fox king was dumbfounded. 'This little girl wanted to break through here?'

'Is she crazy?!

'Breaking through required a large amount of lightning spiritual energy. Where would you get it? Besides, what does it matter to us?'

The fox king did not think much of it. He calmly squatted beside Yun Chujiu, ready to watch the show.

Seeing this, Yun Chujiu did not say much. It was hard to persuade the damn fox. 'In a while, you will know why I asked you to avoid me.'

However, Yun Chujiu was not too sure. Back when she was in the fire cave when she contracted the Fire Spirit Beast, the heavenly lightning only struck her after she left.

She did not know if the heavenly lightning would directly strike down if she broke through there. Even if it did not, the dark clouds would gather together abnormally. Perhaps it could give the gigolo some hints, allowing him to quickly lock onto her position and save her.

She really had no other choice. The formation there was most likely left behind from ancient times. Even Elder Qu and the others could not break it at all. They could only rely on the power of the Heavenly Lightning to destroy the formation core.

Yun Chujiu's accumulated lightning spiritual energy could have broken through to the Spirit Emperor realm a long time ago. However, she was afraid that her foundation would not be stable, so she had not made a breakthrough. Yun Chujiu had specially strengthened her meridians during this period of time in order to make preparations for breaking through to the Spirit Emperor realm.
