

The Yun Family's Ninth Child is an Imp! Chapter 664

The reason why Yun Chujiu chose to break through near the mineral vein was that this fellow was prepared to kill two birds with one stone. When the heavenly lightning struck down, it would be equivalent to helping her mine the mineral vein. Thinking about it, would it not be beautiful? When the time came, she would have escaped and made a fortune, she was really too smart!

Yun Chujiu sat cross-legged and began to break through.

During these four months, Yun Chujiu had a good time. Outside, Di Beiming's days felt like years.

How did this person disappear into thin air?!

Elders were questioned by Di Beiming countless times. In the end, it felt that there was something wrong with its brain. Could it be that during the process of avoiding the beast stampede, the little girl fell off its back and was trampled to death? That did not make sense. Even if the corpse was eaten by the demon beasts, there would not be no traces left behind!

Di Beiming thought for a moment and felt that Yun Chujiu had most likely activated the array formation by accident. He asked An Feng to invite Elder Qu over to take a look.

An Feng sighed. 'Miss Jiu, ahh, Miss Jiu... You can actually activate the array formation in the Demon Beast Forest. This is really bad luck!'

Elder Qu inspected it a few times but did not find any traces of the array formation. "Young Master Di, I... I'm really incompetent. I could not find any traces of the array formation at all."

"Elder Qu, don't blame yourself too much. The array formation here might have been left behind by a mighty figure in the past." Di Beiming frowned. For now, the only thing he could do was to let his master check it out.

Unfortunately, the old man of Lake Tianchi did not reply to Di Beiming. Di Beiming was as anxious as an ant on a hot pot. He did not dare to dig recklessly. If he destroyed the array core, Little Jiu would not be able to come back.

Di Beiming had no choice but to take An Feng and the others to set up camp here and wait for news from the old man.

The palace master's wife urged him a few times, so Di Beiming had no choice but to tell her the news of Yun Chujiu's accident. The palace master's wife asked Di Beiming to calm down. Maybe things would turn around. Di Beiming was a little surprised. His mother said she hated Little Jiu, but unexpectedly, she was pretty nice about this.

How would he know that after the palace mistress put away the voice transmission talisman, she could not stop smiling. 'That Little Trash is actually dead? The heavens are really fair. Speaking of which, the heavens do not tolerate the heavenly Thunder Root Spirit. Sooner or later, it would kill her.'

Sigh... This stubborn man, Beiming, would definitely be sad for a while. However, time was the best medicine. As time passed, he would naturally forget about it. When the time came, she would introduce a few good girls to him, and then she would just have to wait to have a grandson! Haha, it was great that the little trash died!

Di Beiming had just put away his voice transmission talisman when he noticed that a large amount of thick and heavy dark cloud was gathering there.

Di Beiming was stunned, and then he was ecstatic! Little Jiu was still alive!

In the entire world, the only one who could make the Heavens send out such a large amount of heavenly lightning was Little Jiu!

This meant that the black thing must be nearby, but because of the formation, they could not find her!

Di Beiming understood Yun Chujiu's intention after some thought. Little Jiu must be breaking through somewhere. The reason why she did this was probably to use the power of the heavenly lightning to destroy the formation's core. Even if she could not destroy the formation's core, she could show him where she was. Little Jiu was too smart!

An Feng looked up at the thick dark clouds in the sky and saw the ecstatic expression of His Venerable One. After being stunned for a while, he turned around and admired Yun Chujiu in his heart. Miss Jiu was simply not human, she was too smart!
