

The Yun Family's Ninth Child is an Imp! Chapter 665

Yun Chujiu waited for a while, but there was no heavenly lightning as she had expected. She was a little anxious.

Could it be that this array formation was so powerful that even the heavenly lightning could not break it? It should not be. Did they not say that the heavenly lightning was invincible? That old b*stard Heavens relied on the heavenly lightning to scare people. The heavenly lightning should be the most powerful, so she had to work harder!

Thus, this fellow started to curse, "Heavens! You old b*stard! Didn't you always want to kill me? Why don't you strike me? If you don't strike me to death, you're a cowardly old b*stard!"

It did not matter that Yun Chujiu cursed, but the Flaming Three Tailed Fox was so scared that it almost fainted!

'F*ck!

'Has this little girl gone mad?!

'You actually dare to curse at the Heavens?! Are you courting death?! No wonder she told us to stay away. It turns out that she wants to commit suicide?!'

The fox king quickly brought its subordinates and retreated far away. The Heavens would not forgive this little girl for insulting it! Even within this array formation, the heavenly lightning would descend and kill her!

The Flaming Three Tailed Fox King's heart stirred when it thought of this. 'Wait, if the Heavens were to descend the heavenly lightning, wouldn't the array formation here be destroyed?! If the array was destroyed, we can escape!!'

'Heavens!

'This little girl is actually committing suicide to get us out?!

'Sob sob! I'm truly moved!

'This little girl is really too kind! I feel ashamed of my previous thoughts. If she wasn't struck to death by lightning, I will definitely repay her properly!'

However, this king probably would not have the chance to repay her. If she insults the Heavens like this, it will definitely send down several bolts of lightning. It would not be long before she will be reduced to ashes.

After Yun Chujiu finished cursing, seeing that there was still no lightning, her heart became even more uncertain. She could only continue cursing, "Heavens! Are you deaf? I'm scolding you, didn't you hear me?! If you have the guts, then let the lightning strike me to death. If you don't have the guts, then forget it!"

What Yun Chujiu did not know was that the entire Demonic Beast Forest had already been enveloped by dark clouds. It was supposed to be broad daylight, but it became pitch black. The demonic beasts in the entire forest were scared to the point of fleeing in all directions, especially some high-level demonic beasts who were afraid that Heavens would kill them. They were scared to the point that they hid anywhere they could find.

They thought to themselves, could it be that their little tricks from three months ago had been discovered by Heavens?! They had just smelled an alluring fragrance and wanted to find the source. Even if Heavens was angry, it would not have used such a large formation of clouds. Was it going to raze the Demonic Beast Forest to the ground?!

Di Beiming was extremely worried. 'Little Jiu, what did you do to provoke the Heavens this time? Why did it seem like it was even more serious than the last time in the fire cave?'

An Feng mocked in his heart. 'Miss Jiu seems to have gone too far this time. Oh my God, with such a huge formation of clouds, no formation core can withstand it. Miss Jiu, when the time comes, don't throw stones at your own feet!'

"An Feng, take your men and retreat to the outside of the Demonic Beast Forest. I will stay here by myself," Di Beiming instructed An Feng.

"Your Holiness, please come with us. The heavenly lightning is coming with great force. It would be bad if it accidentally injured you," An Feng advised.

"I know what to do. You guys can go!"

Di Beiming's voice turned cold. An Feng did not dare to disobey him, so he had no choice but to leave the Demonic Beast Forest with the rest of his men.

An Feng had been praying to the Gods and Buddhas along the way. 'Please protect Your Holiness and Miss Jiu. Please don't let anything happen to them!'
