

The Yun Family's Ninth Child is an Imp! Chapter 668

Yun Chujiu's mind flashed with scenes of her interaction with Di Beiming. She could not help but smile bitterly. 'Our fate originated from this Demonic Beast Forest, yet it actually ends in this Demonic Beast Forest. It's truly fate.'

Yun Chujiu's tears flowed down from the corners of her eyes. 'In my previous life, when I was struck by lightning, I could be said to have died without any worries. In my previous life, I only had one friend, Yun Qi. Yun Qi was cold-hearted through and through. When she found out that I was dead, she might not even shed tears, and would definitely be able to continue living well.'

'In this life, however, there are too many attachments.'

The proud and loving gigolo, the kind and easy-going grandfather, the brother and sister who loved her dearly, Master Xuanyuan who tolerated her, the elders, and those silly and cute foodies...

Yun Chujiu's heart surged with an intense reluctance. This reluctance instantly turned into unwillingness!

'Why?!

'Why should I be deprived of my right to live? Why should I be killed by the Heavens just because I have the heavenly Thunder Root Spirit? I am unwilling! I can not give up just like that!

'I have not found my adoptive parents, I have not had a child with the gigolo, and I have not even completed the task given to me by the old witch. I am unwilling!'

Yun Chujiu's tendons and veins began to gradually burst open. The originally red clothes on her body began to turn dark red, and even the skin on her face began to crack, making her look like a bloody person!

“Little Jiu!” Di Beiming actually woke up at this time. He jumped to Yun Chujiu’s side and protected Yun Chujiu under his body, allowing the heavenly lightning to strike his body.

Without waiting for Yun Chujiu to react, Di Beiming bit his index finger. Both of his hands quickly formed a seal again, and the spiritual energy barrier was once again strengthened.

Yun Chujiu discovered that Di Beiming’s hair was rapidly turning white, and his face was also rapidly aging!

“No! Di Beiming, Stop!” Yun Chujiu screamed. She knew that Di Beiming must have used some kind of secret technique to burn his life force to increase his spiritual power.

“Di Beiming! If you don’t stop, I will kill myself immediately!” Yun Chujiu’s eyes were filled with blood and tears. This was the first time she was so angry at her own incompetence and the injustice of the Heavens.

Di Beiming quickly formed a seal and said, “Little Jiu, I will do what I said. You will not die.”

“No! Di Beiming! I beg you! Please stop! I beg you! Please stop!” Yun Chujiu’s veins were broken, she could not move at all. She could only watch as Di Beiming’s black hair turned into silver strands. His handsome face had completely aged until he spat out a mouthful of blood and fell to the ground!

“No! Gigolo! Heavens! I’ll f*ck your ancestor over a million times! I can’t beat you in this life. I’ll definitely crush your bones and scatter your ashes in the next life!” Yun Chujiu tried her best to crawl in front of Di Beiming, but she could not move at all.

Yun Chujiu used her fingers to dig into the ground and moved forward inch by inch. Blood and tears flowed down from the corners of her eyes. Her mind was filled with images of her interactions with Di Beiming. ‘Gigolo, I was wrong. I shouldn’t have been willful and playful. I shouldn’t have thought that I

was smart. If there is an afterlife, I would definitely make it up to you. I will never let you read to me again. I will never let you sing lullabies to me again. I would do whatever you say...'

The dark clouds in the sky continued to strike down lightning at Yun Chujiu. Yun Chujiu was in so much pain that she could no longer feel anything. Right then, she only wanted to crawl to Di Beiming's side. Since she was going to die, then they would die together. 'If we were born, then we would be in the same bed. If we die, then we will die at the same point in time. We could not become husband and wife in this life, so in the next, we must meet early. We will have one heart and will never be separated.'
