

The Yun Family's Ninth Child is an Imp! Chapter 681

Di Beiming frowned slightly. "Mother, I'll go back in a few days. You should go back first! Also, you should try not to come to Little Jiu's place in the future. I'm afraid that the things that happened back then will happen again."

When the Palace Mistress heard Di Beiming mention the things that happened back then, her expression became a little sorrowful. "Beiming, mother is afraid that the history might repeat itself. That's why I strongly oppose you dating this Little Trash. Once something unfortunate happened, not only will she be unable to help you, she will also become a burden to you. She will even become your weakness."

Di Beiming's expression became solemn, "Mother! Don't mention this again in the future. Not to mention Little Jiu's amazing talent, she is not trash at all. Even if her spiritual power is really low, I don't think she is a burden. Since I like her, I have the responsibility to protect her and support her."

Yun Chujiu's heart warmed when she heard Di Beiming's words. She stood up from the stone bench, straightened her back, and said, "Brother beiming, I used to be mischievous and aloof. I didn't cultivate properly. Don't worry. From today onwards, I will definitely work hard. I will not become a burden to you. I want to stand side by side with you. No matter what difficulties and obstacles are ahead, we will face them together. I will hold your hand and grow old together with you. I will definitely not let you down."

Di Beiming and Yun Chujiu's eyes met, and their eyes were filled with affection.

"Enough! What you said sounded pretty good! We'll see in five years! Beiming, you have to come back with me today, or else, I won't be leaving! It's a good opportunity for the Little Trash to be filial to me!" The Palace Mistress looked at the young couple and suddenly thought of the past between her and Di Linhan. The two of them were on good terms. Logically speaking, as a mother, she should not break up the couple, but this Little Trash was really not suitable for Beiming. For his sake, she could not be soft-hearted.

Di Beiming frowned and was about to say something when Yun Chujiu said, "Brother Beiming, you should go back with the Palace Mistress. I have just advanced to the first level of the Spirit Emperor realm, it's a good opportunity for me to cultivate for a period of time to stabilize my abilities."

Seeing how serious Yun Chujiu was, Di Beiming thought that he had indeed stayed in the Azure Mystic continent for a very long time, hence, he nodded. "Alright, then I will come back to see you in a few days. Take good care of yourself. Keep these few concealment talismans and sudden rupture talismans. However, the sudden rupture talismans are extremely powerful. You must be careful when you use them. Don't hurt yourself."

The Palace Mistress felt a little sour in her heart. This son of hers could usually solve a problem with just one word. He would never say two words. She did not expect that he would become a chatterbox in front of this Little Trash! Moreover, concealment talismans and sudden rupture talismans were not things that could be bought with money yet he was willing to part with them so easily.

However, this Little Trash had broken through to the first level of the Spirit Emperor Realm? Why did she look like she was still at the eighth level of the Spirit Enhancement Realm? Hmph, perhaps she was trying to deceive her by playing a double act with Beiming.

After the Palace Mistress and Di Beiming left, Yun Chujiu waved at An Feng. An Feng ran over and asked, "Ninth Miss, what can I do for you?"

"Have you found out about the background of those men in black? Are they from the Heaven Gate Sect?" Yun Chujiu thought about it in the cave. Only the Heaven Gate Sect would be able to gather twelve people at the level of Spirit Emperor Realm to kill her.

"Miss Jiu, those people are indeed the elders of the Heaven's Gate sect in disguise. Your Excellency originally wanted us to kill them all. Later, he felt that it was better for you to deal with them yourself, so he didn't touch them for the time being."

Yun Chujiu nodded. "That's the right thing to do. If you kill people, you will inevitably be punished by the heavens. I will deal with my own enemies by myself. Let them run around for a few more days. When I am fully prepared, I will not let any of them go!"
