

The Yun Family's Ninth Child is an Imp! Chapter 682

In the following month, Yun Chujiu spent all her time cultivating in the courtyard, reinforcing what she learned so far.

However, Yun Chujiu was now faced with a difficult problem. She couldn't cultivate in seclusion all the time. She had to have actual combat experience to further improve.

Just because the Heaven's Gate sect did not manage to kill her last time does not mean they would give up so easily. As long as she kept moving about to gain experience, they would definitely send people to kill her.

What should she do?

She couldn't always let Elder Xiao and the others protect her when she left the Spirit Radiance Sect grounds to gain experience, right?! What would she learn from always relying on others?!

Yun Chujiu gritted her teeth. Cultivation was full of dangers to begin with. She had always been timid. When would she be able to grow?! She had to face the difficulties head-on!

Thus, she went to find Master Xuanyuan and told him about her thoughts.

"Master Xuanyuan, I plan to leave the grounds to train. This time, I plan to go alone and quietly in case I am targeted by the people of the Heaven's Gate sect again."

Master Xuanyuan immediately shouted, "Nonsense! If anything happens to you, there would be no way for the rest of us to find out!"

“An Feng will go with me. The fewer people there are, the smaller the target. Besides, I plan to go to the Chimeric Plains to train. That place is tens of thousands of miles away. The hands of the Heaven’s Gate sect might not be able to reach that far.”

“The Chimeric Plains? The demonic beasts there are extremely ferocious and the weather there is terrible. Why did you choose that place?” Master Xuanyuan asked in confusion.

“Firstly, that place is not within the sphere of influence of the four great sects. The Heaven’s Gate sect will not discover that I went there for training. Secondly, it is precisely because the demonic beasts there are ferocious and the weather there is terrible that it can increase my actual combat ability. Master Xuanyuan, don’t worry. I cherish my life very much. I will not act recklessly.” Yun Chujiu’s gaze was firm, it was obvious that she had made up her mind.

Master Xuanyuan nodded. ‘Little Jiu’s Dao Heart was stronger than before after experiencing these changes. This little girl would soar to the sky sooner or later, I should let her be!’

“Alright! Since you’ve made up your mind, I won’t stop you. Keep this ring well. As long as you wear it, no one below the fifth level of the spiritual emperor realm will discover your true gender.”

Yun Chujiu’s eyes lit up. This ring suited her well!

“Thank you, Master Xuanyuan. The matter of me going out to train must be kept a secret. Tell the others that I’m in closed-door cultivation.”

After Master Xuanyuan agreed, Yun Chujiu hopped back to her dormitory.

Since she was going out on a long journey, she naturally had to make sufficient preparations. Other than some daily necessities, after Yun Chujiu activated the isolation array in the courtyard, she refined several bottles of heaven-grade blood coagulation pills and exploding spirit pills.

In the end, she and An Feng activated their concealment talismans and slipped out of the Spirit Radiance Sect without anyone noticing.

After the two of them were some distance away from the Spirit Radiance Sect, An Feng summoned his flying spirit tool and the two of them flew towards the Chimeric Plains.

Yun Chujiu and An Feng had both disguised themselves. Yun Chujiu had disguised herself as a young boy, and An Feng's appearance had also been changed by Yun Chujiu. Unless someone carefully identified them, they would not be able to recognize their true identities.

Half a month later, the flying spirit tool arrived at the Chimeric Plains.

As the name implied, the Chimeric Plains climate was extremely strange. One moment, it was still sunny, and the next moment, it was likely to be filled with snow. Therefore, the nature of the demonic beasts on the Chimeric Plains was extremely savage, they were much more powerful than the demonic beasts of the same level in the Demonic Beast Forest.
