

The Yun Family's Ninth Child is an Imp! Chapter 704

Yun Chujiu's eyes widened in surprise. 'This demonic beast grew a bit too much, didn't it?'

The gigantic demonic beast was covered in huge lumps. It was a gigantic toad!

"Little Madman, what kind of demonic beast is this? Its appearance is so ugly!"

"This is a Tier Twelve Scarlet Poison Frog, equivalent to the sixth level of the Spirit Emperor realm. It's really strange. Scarlet Poison Frogs normally live in hot springs. Why would it appear in the Chimeric Icefield?"

"What's so strange about that? The hot springs are probably right under the ice lake. Otherwise, why wouldn't the lake freeze over? Twelfth level. This is quite a challenge. However, there's no chance of winning unless it's lured to the shore." Yun Chujiu blinked her eyes and said.

The two Earth-shattering Ice Bears were about to cry. 'Oh my God! Why did you provoke that toad for no reason?! Aren't you looking for trouble?!' They usually hid far away, afraid of being targeted by that ugly monster. The water arrows it shot out were extremely poisonous!

An Feng also frowned. "Why do you have to put yourself in danger? Let's go around and find other demon beasts to practice with!"

Yun Chujiu waved her claws. "Only an opponent with a huge gap between us can stimulate my potential. I'm not afraid even if I'm hit by its poisonous arrows. Besides, if I really can't do it, I still have you guys. I don't believe that we can't defeat one of them with so many of us! This hot spring looks pretty good. There might be some heavenly and earthly treasures inside. Otherwise, why would this ugly monster occupy this place?!"

An Feng touched his nose. Alright, the last sentence was telling. “Young Master, the risk is still too great!”

“It’s okay. If it really doesn’t work, we’ll run. This toad definitely can’t stand such cold weather. The key now is how to lure it ashore.” Yun Chujiu rolled her eyes and thought of a way.

Yun Chujiu threw the body of a Giant Ice Wolf not far from the shore, hoping to lure the Scarlet Poison Frog out of the lake.

As expected, the Scarlet Poison Frog swam to the shore. However, it stuck out its long tongue and dragged the body of the Giant Ice Wolf into the lake.

Yun Chujiu had no choice but to place the body of the Giant Ice Wolf further away. The giant eyeball of the Scarlet Poison Frog turned around and actually shrank back into the water again. It did not go ashore to hunt.

Yun Chujiu thought to herself. ‘This high-level demon beast is indeed much smarter than the low-level demon beasts. If it did not fall for the trap, I wouldn’t be able to kill it at all. How can I trick it to come ashore?’

Just as Yun Chujiu was frowning, the strange grass in her Dantian hooked its leaves.

The two Earth-shattering Ice Bears suddenly smelled a strange fragrance. They looked at Yun Chujiu and drooled!

Yun Chujiu was stunned. At this moment, she heard the sound of water splashing. The huge Scarlet Poison Frog suddenly jumped onto the shore and pounced toward Yun Chujiu.

The two ice bears were immediately frightened and ran away with their heads in their hands!

Yun Chujiu and An Feng dodged to the side and dodged the frog's tongue. Yun Chujiu rolled her eyes and turned around to run. She had to take this opportunity to lure the Scarlet Poison Frog as far away as possible. After a long time, it would not be able to withstand the cold, its fighting strength would decrease.

The smell of the strange grass was extremely attractive to the Scarlet Poison Frog. At that moment, there was only one thought in its mind, and that was to eat the human in front of it.

The Scarlet Poison Frog shot several poisonous arrows at Yun Chujiu who was running in front of it. Yun Chujiu seemed to have eyes on her back and dodged the poisonous arrows in a flash. Yun Chujiu kept dodging until she felt that the distance was close enough, and then she stopped running.
