

## The Yun Family's Ninth Child is an Imp! Chapter 710

Liu Qian secretly shook his head. 'Perhaps it's just a coincidence?

'However, since the two of you are courting death, then don't blame me. I'll find an opportunity to send you on your way.'

"Young Master, they've been following behind us all this time. Could it be that they're trying to harm us?" An Feng whispered.

"Maybe we accidentally went in the same direction as where they're going. Tsk, people who are really blessed don't need to look for these things. It's probably because that treasure is guiding me to take it. Let's go. If we can make a small fortune at the same time, it's not bad either!" Yun Chujiu said with a smile.

An Feng did not have words.

Half a day later, the Goshawk Sect's people were still following Yun Chujiu and the others.

"Sect Leader, it seems that they are also here to search for treasures. Should I chase after them and kill them?" Zhang Biao said fiercely.

"There's no rush. Let's see what the situation is. They won't be able to escape from us anyway," Liu Qian said with a cold smile.

"Sect Leader Liu, I don't think we need to do anything! Look, they're in trouble!" an old man with a goatee said.

Liu Qian looked up and saw that the two people in front of him were surrounded by five Tier Eight Giant Frost Lions. He could not help but let out a cold smile. These two people were most likely hiding their strength. 'Let's see how you will deal with them this time.'

Thinking of this, Liu Qian waved his hand at the crowd, indicating for them to rest on the spot for the time being.

The Goshawk Sect people sat down on the spot and watched Yun Chujiu and An Feng who were surrounded by the lions.

An Feng was about to make a move when Yun Chujiu gave him a look. Then, she smiled at one of the largest frost lions and said, "Hey, Brother Lion, can we discuss something?"

The Giant Frost Lion was stunned for a moment. It was the first time it had met a human who did not play by the rules. Discuss? What was there to discuss?

However, these two weaklings would not be able to escape anyway. There was no harm in listening to what he had to say. Therefore, the Giant Frost Lion let out a low cry. The other four lions also halted their actions and stared at Yun Chujiu with their bowl-sized eyes.

"As you can see, we don't have much meat either. It's probably not enough to fill the gaps between your teeth after eating us! The people behind us are different. There are twenty of them, enough for you to have a full meal!" Yun Chujiu secretly pointed at the Goshawk Sect and the others behind her.

The lion looked in the direction that Yun Chujiu pointed at. Sure enough, there was a group of people sitting on the ground behind them. It rolled its eyes and thought to itself, 'It's the same if I bite you to death before eating them. Why do we have to let go of two pieces of meat that are close to our mouths?'

Yun Chujiu continued, "Of course, we can't mistreat Brother Lion. I have the bodies of two Giant Ice Wolves here. Can I use them to exchange for our lives? They have much more meat than us, and they even have inner cores!"

The Giant Frost Lion was a little tempted. The body of a Giant Ice Wolf truly had much more meat than these two weak chickens, and it could even eat inner cores. However, it seemed a little unwilling to let these two humans go just like that.

"Brother Lion, even if you eat us, it will still be a waste of energy, right? It will be difficult for you to deal with the people behind you. Why don't you just take the two Giant Ice Wolves for free and save some energy? This is such a good deal! Also, let me tell you, there are a few fatties in the group behind you. It will definitely be enough for you to have a good meal!" Yun Chujiu said with a smile! She was secretly happy. 'This move of mine is simply too good, right?!'
